Nixon Flies Into Moscow With Plea for Friendship

MEDIATORS PLAN FIRST PEACE TALKS

NEW YORK (AP) — Federal mediators have arranged the first joint peace talks in the nine-day-old steel strike for next Monday.

But Joseph F. Finnegan, head of the Federal Mediation Service, repeated that he sees no early solution to the strike which has idled more than half a million steelworkers.

Meanwhile, the three top aluminum companies — Alcoa, Reynolds and Kaiser — rejected the United Steelworkers wage demands and lined up with the steel industry stand. The Steelworkers' contract with the aluminum companies expires July 31.

The aluminum companies followed the pattern of the original proposal by the steel producers to the union by urging the union to accept a one-year wage freeze and give up the cost-of-living escalator provision in the old agreements.

A total of 39,500 aluminum workers are represented by the union. About 28,000 other aluminum workers are covered by other unions.

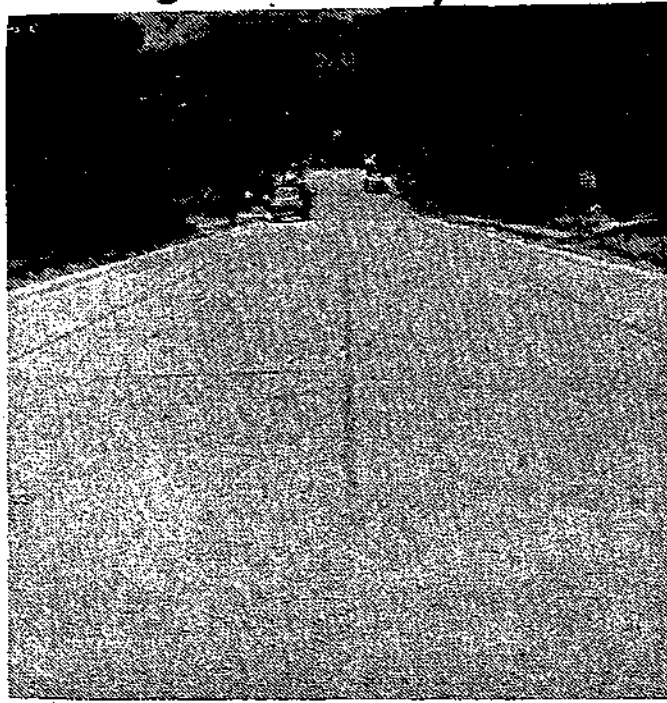

After meeting Wednesday with union representatives and twice with steel industry negotiators, Finnegan said: "We feel we now have a better orientation on the differences" between the two sides.

He plans to meet today with Secretary of Labor James P. Mitchell in Washington.

Mitchell is acting as a fact-finder for President Eisenhower, who could halt the strike at least temporarily—at any time through emergency provisions of the Taft-Hartley law.

Union negotiators had hoped that making some gains with the (Turn to Page Twenty-two)

Change in Derby Downs!

An important change in this year's Soap Box Derby was announced this morning by Chairman and Derby Director Scott Himes. Because of the poor condition of the south lane of McPherson Street, it has been decided that this year's race be held on Alexander street instead. The committee, doing the utmost to insure the safety of the race and, at the same time, make a good race for the boys, decided, with the advice of borough officials that McPherson street would be dangerous for the race. Because of these reasons, a search has been conducted to find the proper race course. Alexander street was finally chosen as the proper place. Because of the emergency nature of the situation, residents along Alexander street are asked to cooperate fully by removing their cars on Saturday morning if they wish to leave their driveways. The committee fully understands the problem involved with the abrupt change, but asks again for the help of the people living along the new race course. Timesphoto by Shattuck.

Waste in Foreign Aid Is Charged During Hearings

By LEWIS GULICK

WASHINGTON (AP) — A presidential study committee said today many forms of U.S. economic aid abroad must continue as long as the Communist threat exists.

The group recommended more selective choosing of recipient nations, however.

The committee also called for creation of a new government agency—in be set up outside the State Department—for administration of the major economic assistance programs. It said the "central weakness" at present is that these activities now are scattered among a number of federal agencies.

President Eisenhower sent the report to Congress as a House Appropriations subcommittee made public charges of waste and mismanagement in the multibillion dollar foreign aid program.

In one unnamed country investigators found a 20-year supply of WAC clothing, a 45-year supply of 30-caliber carbine ammunition, 70,000 sets of new tire chains left outside without storage and more than a million new carbine and submachinegun clips wasting away.

In Pakistan, U.S. aid officials reportedly had a fleet of 229 passenger cars, 629 refrigerators and 1,027 native helpers for a staff of 271 Americans.

In Peru, a former aid official testified, the U.S. aid chief used American and Peruvian technicians to improve a livestock operation in which he was a partner. The chief later lost his job.

The testimony was taken in closed sessions during May and June by the Appropriations subcommittee. (Turn to Page Twenty-two)

Governor Long Gives Strip-teaser "Cold Shoulder"

DENVER, Colo. (AP) — Gov. Earl Long of Louisiana gave strip-teaser Tempest Storm the cold shoulder Wednesday night.

Long had a date with Miss Storm at 11 p.m. — as a night club patron, that is.

Miss Storm put on her show but Long, 63, stayed in his hotel suite, dozing.

The governor watched four horse races at a race track in the afternoon, and said he won \$100.

While sitting at the paddock club, he ordered an ounce of whisky with an ounce of mixer. But the governor told the waitress "don't mix 'em. I don't." (Turn to Page Twenty-two)

KRUSH SEEKS MEETING LONDON (AP) — Nikita S. Khrushchev has called leaders of the communist bloc in eastern Europe to a conference in Moscow early next month, diplomatic sources in London report.

The British Foreign Office said it had heard the conference would open Aug. 3 but had no confirmation. Western newsmen in the Soviet capital had similar reports.

Miss Universe Statuesque Brunette from the West Coast

By PATRICK MCNULTY
LONG BEACH, Calif. (AP) — Gentlemen may prefer blondes, but the judges' pick as Miss U.S.A. in the Miss Universe pageant is a statuesque brunette oiled from California.

Terry Huntington, 19, moves tonight with 33 foreign ladies in the ninth annual international beauty contest. Miss Universe will be selected Friday.

The UCLA dancer major has blue-green eyes, stands 5 feet 6½ and measures 36-23-36. She was selected Wednesday night before 4,000 spectators.

Runners-up, in order, were Miss Texas, Caroleen Douglas; Miss Florida, Nanita Greene; Miss Georgia, Dorothy Taylor; and Miss New York, Arlene Nesbitt.

"Paste, Flicka," shouted Miss Sweden above the applause in Memorial Auditorium, when her roommate's victory was announced. This roughly translates to: "She's a beauty," explained Miss Sweden. She was so happy over Terry's victory she cried.

Miss U.S.A. remained composed as she sat on the queen's dais and received the pearl-studded crown, while reporters shouted and cameramen popped pictures. But she began to cry beautifully when her brother Phil, 22, resplendent in his Army uniform, stepped up and embraced her.

"I knew you could do it, Sis," said her crewcut brother, a June graduate of the U.S. Military Academy.

Bell Trying Out New Dialing Method

NEW YORK (AP) — You may punch a telephone number some day rather than dial it.

The Bell Telephone Laboratories say it is being tried out on home and office phones in Hialeah, Conn., and Elgin, Ill. If it works out, it might be adopted generally.

The system consists of 10 buttons—three horizontal rows of three each with a zero-operator button at the bottom.

The new method is much faster.

Communique Conference Pressures

By JOHN M. HIGHTOWER
GENEVA (AP) — A new threat from Nikita Khrushchev of Communist action against West Berlin today put pressure on the Western foreign ministers at the Big Four conference.

The Soviet Premier said in a joint Soviet-Polish communique at Warsaw that the Western stand at Geneva may lead to aggravation of a situation "pregnant with danger to the cause of peace in Europe."

The communique warned that if what it called the "abnormal situation" in Berlin—the Western occupation—is not liquidated, the Soviet Union and Poland "will support East Germany in measures which she may recognize as appropriate."

Khrushchev and the Poles repeated the original Soviet demands for peace treaties with the two Germans and the transformation of West Berlin into a demilitarized "free city." And they repeated Khrushchev's threat to sign a peace treaty with East Germany if the Allies do not meet the Communist demands. This would give the East Germans control of supplies to the Allied garrisons in West Berlin raising the threat of a new Berlin blockade.

The new threat to use Soviet power against Berlin brought some renewal of the tension which had subsided somewhat as the Geneva negotiations dragged on. But Khrushchev and the Poles perhaps significantly set no time limit for achievement of their demands. And the communique indicated an agreement could wait for a summit conference.

The Western foreign ministers and Soviet Foreign Minister Andrei Gromyko meanwhile were deadlocked in negotiations to find a way out of the Berlin crisis. Both sides declared they had no intention of backing down on key issues involving their basic and completely contradictory aims in Germany.

One Killed and Two Injured in Collision

WASHINGTON, Pa. (AP) — A rear-end collision of two autos Wednesday night killed a Washington, Pa., woman and injured two other persons.

Killed was Albert Strohers, 34. She was riding in a car driven by Marguerite E. Brown, 41, of Washington, who was taken to Washington Hospital.

Also hurt was the other operator, Robert W. Frisel, 23, of Houston, Pa.

State Police said Frisel's auto ran into the rear of the other car on Route 19 about eight miles north of Washington. The brown car left the highway and rolled over several times. Both women were thrown out.

Former Socialite Loses \$372,400 Suit in England

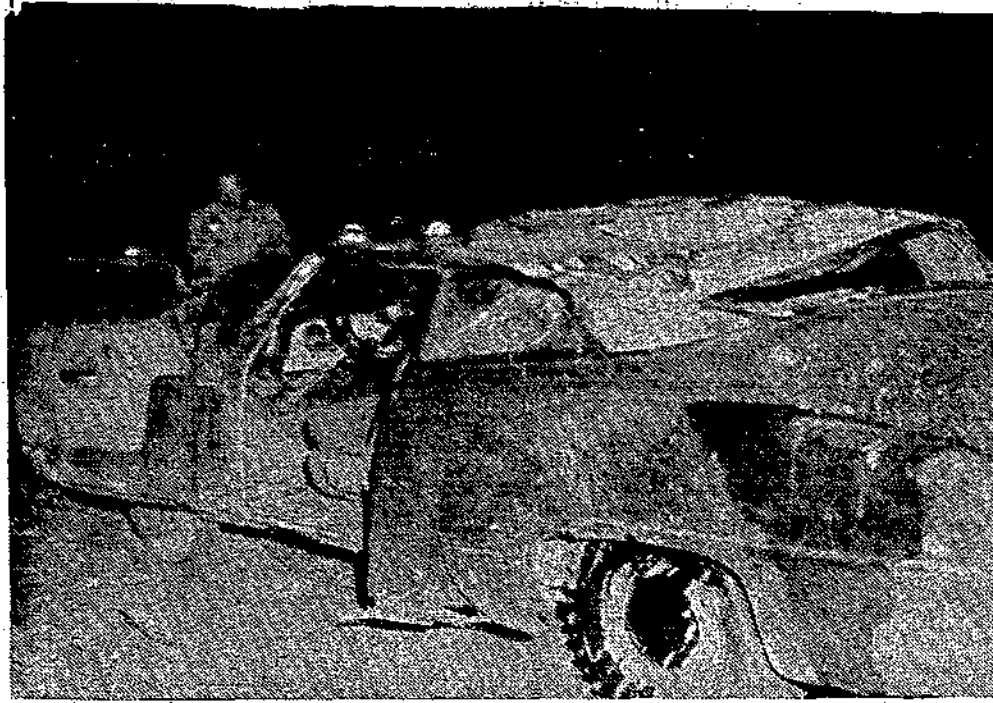

LONDON (AP) — A former Washington hostess who sued her British ex-lover for \$372,400 lost her case in the High Court today.

The plaintiff was a 50-year-old Belgian divorcee, Martha Maria Brusset. She said she was recognized as one of the U.S. capital's top three party-throws when acting as a "business contact woman" for two U.S. corporations from 1947 to 1951. But Washington society reporters said she wasn't that high up on the scale.

Mrs. Brusset claimed damages from wealthy Edward Lumley, a Lloyds of London insurance broker, on the ground that he hired her to perform similar business services for him but failed to pay off.

Lumley said their arrangement was sexual, not business. He described Mrs. Brusset as a discarded mistress on whom he had spent vast sums.

Frewsburg Man Auto Crash Victim

Death was a passenger in the above car when a 61-year-old Frewsburg, New York man was killed instantly on the Onoville road late Wednesday night. The vehicle ran into a ditch and then flipped onto the highway, spilling its occupants out. Two other men are in WCA Hospital in Jamestown with injuries sustained in the Warren County mishap. Timesphoto Saylor.

Warring House Members Discuss New Labor Bill

WASHINGTON (AP) — Warring members of the House Labor Committee meet today in a confused, many-sided effort to agree on an anti-striking labor bill.

Before the committee was its own product of five weeks of acrimonious bill-drafting sessions. But it was a bill that seemed to please no one.

Lined up with substitute proposals were both Republican and Democratic members.

Within the faction-ridden 30-member group were members who wanted no bill at all, those who felt the committee bill was too tough on labor, and others who felt it was not tough enough.

After a secret strategy session Wednesday, the Republicans reported they were prepared to make a fight for a bill with stronger enforcement provisions in the committee "bill of rights" for union members.

The committee version was a rewritten draft — containing over 100 amendments — of the bill passed earlier this session by the Senate.

Sophs Registering in Little Rock's Schools

LITTLE ROCK, Ark. (AP) — Sophomores register at Little Rock's public high schools today in the third day of registration which has seen 10 Negroes enroll for classes at white schools.

Seniors and juniors signed up Tuesday and Wednesday. Five Negroes registered each day, eight at Central High School and two at Hall, a new school located in the city's upper-income district.

No incidents have occurred at the schools, but police planned to continue their surveillance after warning potential troublemakers they would be arrested and jailed.

Five of the nine Negroes who attended Central in 1957, when violence erupted at their admission, have enrolled there again. Two of the nine have left the city and two have graduated.

Bill To Double Fine For Speeding Defeated

HARRISBURG (AP) — A plan to double the present \$10 fine for speeding convictions went down to defeat in the House Wednesday.

Bucking strong Republican opposition, the measure failed 97-87.

But the House approved another part of Gov. Lawrence's seven-point highway program—a measure requiring trucks weighing 21,000 pounds or more to travel down steep grades at 20 miles per hour or less. The vote was 183-6.

Opposition to the \$20 speeding fine appeared to grow when it was brought out that Philadelphia is the only one of the state's 67 counties which keeps all of the motor vehicle fines it levies.

The measure would have required all counties, except Philadelphia, to turn half the \$20 fine over to the Commonwealth.

Disappearance of Socialite Baffles Jersey Officials

SHORT HILLS, N.J. (AP) — Baffled police admitted today that their search for missing socialite Jacqueline Hart, 21, has been futile.

She disappeared Wednesday after seeing her fiancé off at Newark Airport.

Her father Ralph Hart, executive vice president of Colgate Palmolive, pleaded with telephone callers to "keep the line open." He also ordered a second telephone installed in his home, where he and his wife waited "hoping to hear something any minute."

No one could give a logical explanation of why Jacqueline disappeared or where she might have gone—and those close to her declined to speculate.

"I'm scared. I'm just plain scared," said her fiancé Stanley Gaines, 25, Fayetteville, W.Va. Gaines had flown to Pittsburgh but returned here immediately after learning she was missing.

Jacqueline's car was found locked, parked in the airport parking lot. Police conducted an exhaustive search of airport grounds, and the marshes surrounding the field. They were joined by a Coast Guard helicopter.

Police said they were looking for some youths with ducktailed haircuts Gaines said he saw loitering near the airport.

Police did not say they thought Jacqueline had been kidnapped. An FBI spokesman in Newark said today that his office was "maintaining liaison with police" in the event it appears there has been a federal offense.

LOYALTY OATH BILL
WASHINGTON (AP) — The Senate votes today on a bill to repeal the loyalty oath requirement in the National Defense Education Act.

The measure faces a cross fire of amendments.

Fidel Castro Will Decide Sunday on The Premiership

HAVANA (AP) — Fidel Castro today said he will decide Sunday whether he will become premier of Cuba again. He gave every indication that he will resume the office.

"We'll let the people decide on the 26th of July," he told a crowd of about 10,000 in the 17,000-seat Sports Palace. That means Castro will announce his decision to the cheering throng at the anniversary celebration Sunday of the start of his revolution against dictator Fulgencio Batista.

There was no doubt the "people's decision" would be for the revolutionary leader's return to office. The million-member Cuban Confederation of Workers has called a one-hour general strike today to demand he withdraw the resignation he submitted Friday to force President Manuel Urrutia out of office. And his half a million peasant supporters called into Havana for Sunday's celebration are certain to shout for his return to the premiership.

Castro attacked the U.S. news agency United Press International for the statement by its president Frank Bartholomew that the Cuban press is no longer free. He accused UPI of "torpid, stupid machinations" against the revolution.

UPI's New York office had no immediate comment.

ATMOSPHERE ON LANDING LITTLE COOL

By PRESTON GROVER

MOSCOW (AP) — U.S. Vice President Richard M. Nixon flew into Moscow today with a plea for friendship. He found the atmosphere frigid — with Soviet Premier Nikita Khrushchev again blasting the United States for its attitude toward the Soviet Union.

The two leaders did not meet face to face; that was to come later. But while Nixon was getting an official welcome at the airport, Khrushchev was talking to a Sports Palace crowd welcoming him home from a 9-day trip to Poland. He again took the United States to task for proclaiming this week as "Captive Nations Week," and said:

"They send their governors here (referring to the recent visit of nine U.S. state governors). They send their vice presidents here. They are opening an exhibit here—and then they do a thing like this."

Nixon's jet plane brought him to Moscow in 10 hours 54 minutes. He was met by Frol R. Kozlov, first deputy premier, who recently toured the United States. The Nixon trip is in effect an exchange visit. The vice president's official purpose is to open the U.S. exhibit Friday.

In his brief airport remarks Nixon warned that in another war "there will be no victors, only losers."

"There are grave and serious problems which divide us — differences which, if not resolved, could endanger the peace to which we are all dedicated," he said.

Nixon spoke for about 12 minutes. About 100 diplomats were grouped around him. A few American and Soviet flags fluttered in the background. There were no signs or slogans displayed as is customary when visitors from the Soviet bloc come in.

Kozlov responded briefly and the interpretation was even more brief. The interpreter said merely: "The message is peace."

Nixon entered a Soviet limousine flying the U.S. flag and headed out the airport gates to the city and Spaso House, the resi- (Turn to Page Twenty-two)

Youth Posing As Doctor Is Foiled By Stethoscope

MEMPHIS, Tenn. (AP) — A nervous young man who masqueraded as a physician and had his run of three Memphis hospitals for five months was foiled Wednesday by an alert Negro porter.

Harold Lee Aldridge, who was nabbed on his 18th birthday, met his downfall when the porter noticed Aldridge "wore his earphones funny."

When police arrested Aldridge at the trailer where he lived with his mother and young bride, they found thousands of dollars worth of medical supplies which Aldridge is charged with stealing from the hospitals.

William Chandler grew suspicious and called two detectives when he noticed Aldridge wearing a stethoscope plugged in his ears instead of hanging around his neck.

Even Aldridge's bride of six months was taken in by the act. She thought he was a medical student.

Colorful Parade Planned at Youngville Saturday Night

Climaxing its five-day fundraising project in Youngville, Halgren-Wilcox Post 658, American Legion, has planned a great parade at 7:00 p. m. Saturday and anticipate that it will be the greatest event of its kind the community has ever enjoyed.

More than 40 units will line up when the parade forms at the far end of North Main street, and each will be allowed three minutes in front of the reviewing and judging stand erected in front of Youngville Farm Service, corner of Highland avenue and North Main.

When the starting signal has been given, the parade will move south to the center of town, then east on Main to Ford street, where a right-hand turn will take the marchers to Island Park, where they will be disbanded.

Milton E. Brown, post commander, reports the following entries have been signed up: Youngville Fire Department Color Guard and Band; Legion Post Color Guard and Marching Unit; Borough Council members in three cars; Youngville High Steppers; Youngville High School May Queen; Kingsmen Drum Corps, Hamburg, N. Y.; Jamestown Women of the Moose Marching Unit; Kossuth Encampment No. 98, IOOF, Junior Drum and Bugle (Turn to Page Twenty-two)

Highway Carnage Must Be Cut, Gov. Lawrence States

PITTSBURGH (AP) — Gov. Lawrence says Pennsylvania will become the toughest state in the nation, if necessary, to prevent what he calls "the continuing carnage on the highways."

Addressing the annual convention banquet of the Pennsylvania Chiefs of Police Assn. Wednesday night, Lawrence said that in spite of an award given to the state by the National Safety Council, last year's tally of 1,654 highway deaths was "shameful."

"Our object is not merely a reduction of fatalities, but an absolute elimination of all fatalities on our highways," he said. "We're going to get tougher. If necessary — if it means one life saved — we will become the toughest state in the nation on this question of highway safety."

Capt. Vincent D. Fresoli of the Bethlehem police force was presented an award by the association for being the outstanding police officer in the state in fighting juvenile delinquency.

The association chose Harrisburg as the site of the 1959 convention. Newly elected officers are:

Wallace W. Duquesne, president; Lawrence H. Shores, Upper Merion Twp., first vice president; Francis J. Schafer, Pittsburgh, second vice president; and James T. Hutchinson, Tyrone, third vice president.

The first crude automobile windshield wiper was introduced in the United States about 1917.

YOUNGSVILLE

YOUNGSVILLE—Announcement is received from Milton Brown, commander of Halgren Wilcox 653, that Warren M. Jones has been designated as Legionnaire of the Week. Mr. Jones has been and still is one of the most active of the post members.

Since he came to this area about eight years ago, he has served one term as commander and is about to start his fifth term as adjutant. He is also credited with being largely responsible for an increase in post membership to an all-time high of 202. He is also a member of the Marching Unit.

Mr. Jones is employed at Fairmont Hotel and is as well liked there as in Post affairs.

Referring to last week's parade at North East, Mr. Brown reports the band took a third place, but the marching unit did not have enough personnel to qualify. It is difficult for some of the members to participate when they are as early in the evening as the North East event.

CREDIT UNION MEETING
Board members, credit committee and supervisory committee of all Warren credit unions, are advised of an informative meeting tonight at 7:30 p. m. in Dept. of Highway's office at Starbrick. James Addison of Penna. Credit Union League, Harrisburg, will assist with the program.

DANCE SATURDAY NIGHT
This Saturday night will be the big one for the summer at the Spot, Warren's Youth Center. A gala big mid-summer dance will be staged for all area high school and college age students, starting at 8:30 — this Saturday, July 25. The committee in charge has secured the new sensation of the area, Booney Sturdevant, his rocking drums, and Band. Booney promises to really swing out with his "big beat" style on such tunes as "Tuxedo Junction," "Booney's Boogie," "Rockin' at the Spot" and others. Plan now to join the happy, dancing crowd. Get the beat from Booney—and swing out this Saturday night. It'll be a really big one.

Minimum National Wheat Support for 1960 To Be \$1.77

The national average support price for 1960-crop wheat will be a minimum of \$1.77 if wheat marketing quotas are approved in the wheat referendum being held today. Chairman N. E. Dodd of the Warren County Agricultural Stabilization and Conservation Committee has announced.

This compares with a national average rate of \$1.81 on the 1957 crop.

The minimum price support level represents 75 per cent of the estimated parity price of wheat on July 1, 1960. It is being announced at this time under the "forward pricing" provisions of the law, which authorize a minimum to be set in advance of planting time, using the latest information and statistics available.

The minimum rate may not be reduced but will be increased if the wheat parity price and wheat supply situation as of July 1, 1960 indicate a higher level. Producers who stay within their acreage allotments will be eligible for price support on their entire production.

If marketing quotas are approved in the referendum, the support level will be at 50 per cent of parity, or an estimated \$1.18 per bushel. Compliance with allotments would continue to be a condition of eligibility for the lower support price.

Farmers participating in the wheat referendum are voting at their local community polling places. Polls opened at 8 a.m. and will close at 9 p.m.

If two-thirds of those voting approve quotas, they will be in effect for the 1960 wheat crop. If more than one-third of the voters disapprove, quotas will not take effect.

Under the terms of an ancient treaty, the Onondaga Indians receive 150 bushels of salt annually from New York state.

Local Drum Corps Stages Drill on Titusville Field

Titusville Herald: The Corn planters' Drum and Eagle Corps of Warren entertained a number of Titusville residents last night at Carter Field with intricate maneuvering and interesting music from 7:30 to 9 o'clock.

Some persons attending the rehearsal who had never witnessed a Class A drum and bugle corps exhibition expressed amazement at the versatility of the bugle section in rendering classical and semi-classical music, as well as modern jazz.

The Cornplanters will be one of the five units competing for the \$2,600 prize money offered by the Titusville Lions Club at their "Music in Motion" competition in Carter Field Saturday evening Aug. 29.

Don Hawbaker, chairman of the event, reported last night that the competition next month "will be one of the most outstanding and unusual musical attractions ever to be presented in the city of Titusville."

Immediately following last night's rehearsal, the Lions Club members and their wives, with the Cornplanters as guests, were entertained at Shanks cottage.

During the evening, the Warren unit played the following numbers: "Tummy," "Them There Eyes," "Bridge on the River Kwai," "In My Merry Oldsmobile," "Indian Love Call," "Granada," "Lover" and "Gloria March."

Around the Area With The County Agent!

By Bernie Wingert, Warren County Agricultural Agent

From the Pennsylvania Crop Reporting Service I notice that the 1959 crop of 710,000 hundred weight of sweet corn is just coming on the market. This year's crop, from 14,000 acres, is 21 per cent below last year's and 18 per cent below average.

I knew this would happen because we only have seven rows in our garden, and five of them are just knee high. We replanted two different times because of hard rains. Last year we had beautiful sweet corn at this time.

"Our garden" is a cooperative venture with a dentist friend who owns the land and a garden tractor, an oil producer who hoes, assistant agent Schlosser, who hoes and furnishes straw mulch, and myself. Of course, I supply the advice and examine the crops for disease and insects. Also I gather lettuce and peas and look hopefully for ripe tomatoes.

The weeds got ahead of us this year mainly because we didn't spend enough weekends hoeing, but by mulching the to-

matoes the crop will be saved. The squash and potatoes look good at this stage of the game too.

Fortunately we had very little corn ear worm last year and I hope that this holds true for this season, but if you're troubled with this pest in the sweet corn, here's what you can do. When the tassels first appear, spray or dust the silk and ears on both sides of the rows with DDT. You should use 1 lb. of 5% DDT dust per 300 foot row, or mix 6 tablespoons of 25% DDT emulsion in 1 gallon of water. 1 gallon of spray covers about 450 to 500 feet of row. Repeat the treatment 3 times at 3 to 5 day intervals.

The big problem in our garden and all over Warren County last year was late blight on the

tomatoes. This blight is caused by the same fungus that causes late blight on potatoes. It is most severe in August and September, but may occur any time during the growing season when prolonged wet periods include cold nights.

It appears as irregular, blackish-green, water-soaked spots on the leaves. These spots enlarge rapidly. Tomato fruits are infected in all stages of growth. The infected areas first appear water-soaked and greasy; later they are dark green, blotched with brown.

Gardeners should start to spray or dust now and repeat at 7 to 10 day intervals. Maneb sold under such tradenames as Manzate, Maneb Fungicide 70%

wettable powder or Dithane M 22, effectively controls late blight as well as a number of other tomato diseases.

We have a USDA bulletin entitled "Insects and Diseases in the Home Vegetable Garden" which we will be glad to send you. It shows a number of insects and diseases in color. Any home gardener could make good use of it. Simply write to County Agent, Courthouse Annex, Warren, Penna., or call R 3-7550 and we will send it to you.

Boyle's Column

By HAL BOYLE

NEW YORK (AP)—Cary Grant has become a symbol of suave certainty and self-assurance to millions of movie-goers.

They might be surprised to learn what his biggest interest is when he isn't facing the cameras. It's self-improvement!

"I'm interested in any kind of self-improvement," said Grant, who rose from a still-walker and Coney Island Barker to become one of the world's top-paid film stars.

He feels that life for every man is a constant search for himself.

"You go from one plateau to another," he said. "If a man every five years faithfully put down his views of life, love and the world, at the end of 20 years he would find a frightful mass of inconsistencies."

"People cannot stay the same. They change every second. They can't even stay the same in outward appearance."

The tall, handsome actor, visiting here, has learned one thing for sure about himself. Some 57 films in 33 years have given him no appetite for tragic parts. He'll leave Hamlet to others.

"You can make people cry very easily," he remarked. "But it is much harder to make them laugh. 'Yet that is always what I wanted to do. I still do. I love my business, and I shall keep on doing it.'"

"If I can make people laugh, that's enough. It does some good."

Grant is convinced that what defeats most people is "their own egos—which too often imprison them from new steps to knowledge."

"The biggest problem in the

YOUNGSVILLE

YOUNGSVILLE—Senior City Scouts Susan Littlefield, Sherr Craft and Judy Maatz are back from Colorado Springs and the Girl Scout Roundup near Pike's Peak.

They accompanied other Warren-Forest Council Scouts and were among representatives from 48 States and 20 foreign countries who experienced the session of camp life that will better prepare them for future roles as program chairmen and camp aides. Visiting the encampment was Archie Littlefield, who took movies to be shown at some future date.

Mr. and Mrs. Willis Kay have returned to their Ford street home after spending the last eight months at their winter home in Tampa, Fla.

Many members of the Free Methodist church are attending the annual Camp Meeting at Pleasantville July 23 to August 2.

PURPOSEFUL JOURNEY

Vice President Nixon arrived in Moscow today with instructions from President Eisenhower to try and convince the Russian leadership of the true "temper and feeling of the American people."

By many measures the visit seems likely to stand out as one of the most important travel-ogues of recent years.

To begin with the Vice President will formally open America's national exhibition in Moscow, the first display of its kind we have ever had in Russia. We must hope that both the leaders and the ordinary citizens of the Soviet Union will discover there many significant things about this country that the Kremlin's propaganda screen has hitherto blotted out.

Secondly, Nixon will be giving the Russians a look at the highest-ranking American official ever to move about widely in their country. The late Franklin D. Roosevelt's wartime trip to Yalta for a Big Three conference was marked by limited movement under secrecy wraps.

Going by his past performance in Asia, South America and Britain, Nixon can be expected to conduct himself with dignity, courage, candor and friendliness as he circulates among the Russian people.

Then, too, he will be talking more or less informally with high Kremlin officials, probably including Soviet Premier Khrushchev himself. We can have no assurance that Nixon will achieve an understanding where others have failed.

Yet there can be little doubt that he will give the top Communists a clear, tough-minded, utterly calm statement of America's position on a wide range of major issues.

When Nixon has completed his round of activities in Moscow, he will embark on a tour of other Soviet cities, including a number in the mysterious continental vastness of Siberia. Once again, since Nixon is a shrewd and careful observer, we can expect from him an interesting report of impressions gathered widely.

Furthermore, his observations will be supplemental by those of nearly 50 United States newsmen traveling with him. Half of these are working reporters who will be filing daily dispatches under Russian assurance that there will be no censorship and no delay.

With the Nixon party will also be such seasoned experts as Vice Admiral Hyman G. Rickover, famed for his nuclear pioneering, and George V. Allen, head of the U. S. Information Agency. Their responses to Russia will be well worth having.

The Russian visit, finally, has special personal meaning for Nixon. As the leading Republican candidate for president in 1960, he can gain or lose a good deal by "exposure" to the uncertain conditions which inevitably surround forays of this kind.

If he does well, the picture of the vice president as a foreign affairs specialist, as a man capable of holding his own with the Russians, will be markedly enhanced. Nixon will doubtless be aware of that prospect every moment he spends on Soviet soil.

WORLD TODAY

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — The United States is in a terribly bad spot on Berlin. That is the essence of a gruesome picture painted this week by President Eisenhower.

At a dinner with White House correspondents he frankly talked of this country's huge difficulties in trying to help the 2½ million West Berliners if the Communists decide to try to shut them off from the West.

He didn't say anything the Russians don't know already. Yet, to understand what he said is to understand the American dilemma in dealing with the Russians at Geneva. The foreign ministers' meeting there began May 11.

The solemn Eisenhower statements on Berlin — and their implications — explain why the Russians started this trouble in the first place and why they are being so tough about it.

That trouble can be stated simply: West Berlin, whose allegiance is to West Germany, is 100 miles inside Communist East Germany. This Western outpost, deep in Red territory, has been a pain to the Soviet Union since World War II.

Soviet Premier Joseph Stalin tried to grab the city in 1948 by blockading all Western supplies that moved to Berlin by train or truck. This was easy, since they had to move through Communist-run country.

President Truman could have tried a shoot-through. It might have meant war. Instead, he smashed the blockade by supply-

ing Berlin through a giant airlift. The Russians refrained from shooting down American planes. That would have been war.

Stalin dropped the land blockade. It apparently had been a testing maneuver to see if the West would give up the city without a struggle. He himself then was in a poor position to go all the way—including war.

The United States then had an atomic-bomb monopoly. For 10 years the Russians dropped their attempt—but not their desire—to gobble the city. They used that time to build up strength: atomic and hydrogen bombs and missiles.

Now they're probably equal in atomic strength, apparently ahead in missiles, and far ahead in ground-force strength. So Stalin's successor, Premier Nikita Khrushchev, picked up where the old man left off.

Last Nov. 27 Khrushchev ordered the West Berliners to get their troops out of Berlin, and implied the city might be cut off from access to the West if they remained.

But the presence of the troops is important as visible evidence to the West Berliners that they have Allied protection and support. The West refused to remove the troops.

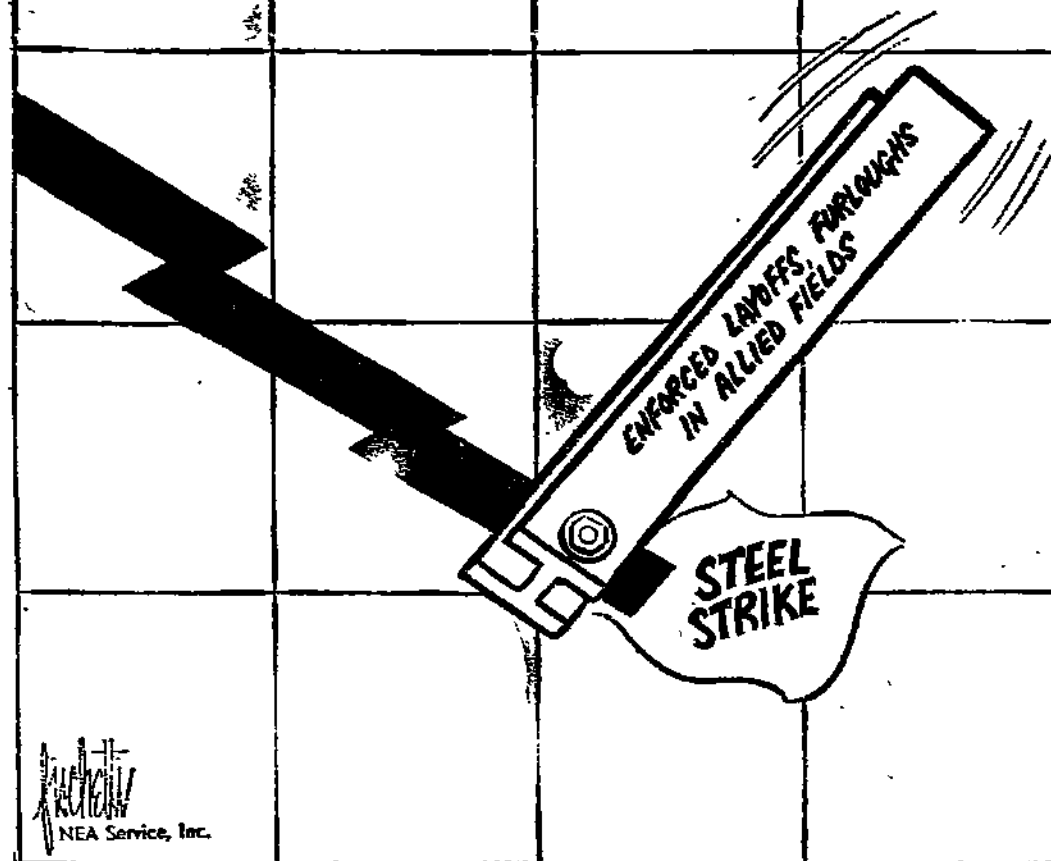

Why is the West so concerned about anything Khrushchev says? Can't a new airlift smash a new blockade, just as in Truman's time?

The answer lies in Eisenhower's statements this week, since the So-

UNEMPLOYMENT

Here and There

The great progress aviation has made in the last fifty years is reflected in a dispatch from Washington, D. C., that appears on the first page of The Evening Mirror, of July 21, 1909, under the heading "Orville Wright Breaks Record." It says: "Establishing a new record for aviation in America Orville Wright late Tuesday at Fort Myer, made a spectacular flight of one hour, twenty minutes and forty-five seconds duration. The longest previous flight was seventy-five minutes made by Wright at Fort Myer last fall. During the entire flight the machine was under perfect control, but several times appeared to the spectators to be on the point of diving forward. Several thousand people were given an exhibition, which included the most daring feats of aviation yet accomplished and at its conclusion a mighty cheer went up from the throng in recognition of the splendid achievement. The machine traveled a distance of about seventy miles, it was estimated by Wilbur Wright, and at one time during the flight the height attained was between 250 and 280 feet, exceeding the highest point ever reached by a heavier than air machine on this continent. The most wonderful part of the flight was the execution of the three complete 'figure eights' which required careful maneuvering in directing the machine. A slight mishap, unfortunately, delayed the starting of the flight. Just after the heavy weight of the starting apparatus had been hoisted to the top of the derrick, the rope broke and the weight fell to the ground with a thud. No one was near enough to be injured. There might have been a much longer delay had not two 'sailors' in the crowd stepped forward and offered their services in splicing the broken ends to-

gether. The machine was finally released from the starting point at 6:20 and it shot along the monorail and into the air. After traveling along several hundred feet at a distance of only about five feet from the ground the aeroplane finally rose gradually to a height of seventy-five feet before making the first turn at the end of the field. After passing the starting point the aviator sent the machine up on each turn to a height of about 150 feet, which was maintained until toward the end of the flight. After he had been in the air about a half hour, making complete round of the field each time, Mr. Wright maneuvered the machine through several short circles, some of not more than 500 feet in diameter. Then, after circling the field fifty-four times the machine started the cutting of the 'figure eight'. The aeroplane curved around the lower end of the field, crossed to the right at the middle and passed the starting point to the left, the opposite direction in which it had been previously traveling. It curved to the right again at the middle of the field and completed a well described 'figure eight' at the lower end of the field, much to the evident delight of the crowd. When he had completed these maneuvers the aviator started to make a showing in regard to height. Slowly the aeroplane rose to a higher altitude each lap until it had soared to a distance of between 260 and 280 feet from the ground. At this height the machine flew a half dozen rounds of the field and then gradually descended to earth. On the last lap before landing Mr. Wright approached within twenty feet of the earth and made a successful and easy landing after completing eighty-three rounds of the field. In the flight Mr. Wright met every requirement of the government, except that of carrying one passenger, and making the five-mile straightaway run. Both of these requirements probably could have been met but it is the intention of Wright brothers to get their machine in perfect condition before attempting the official flights.

★ EDSON IN WASHINGTON ★

Campaign Costs Appraised In Proposed Elections Bill

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON—(NEA)—The proposed new Federal Elections Act of 1959 as finally introduced in the Senate is a comedown for its original sponsor, Sen. Thomas C. Hennings Jr. (D-Mo.) chairman of the Rules and Administration Committee.

The bill which Senator Hennings introduced last January, was described as a "clean election" reform bill. It would have covered primary elections for federal office and national conventions. It would have limited to \$10,000 the contribution which any one person could make to a political candidate or committee in a year. But the bill goes before the Senate retains provisions of the present law which permits any one person to make as many gifts of up to \$5,000 apiece to as many political candidates or committees as he chooses.

Further, it increases the legal limits on political campaign expenditures from two to four times.

IN THE RULES COMMITTEE SHOWDOWN, only Senators Hennings and by proxy—Green (R-I.) supported the original bill. Opposed to it were Democrats Hayden (Ariz.), Mansfield (Mont.), Jordan (N.C.) and Cannon (Nev.); Republicans Curtis (Neb.), Keating (N.Y.) and Morton (Ky.); GOP National Chairman.

At the end, in a spirit of compromise, they all voted for a watered down bill. Behind this action is the fact that both parties, being broke, want all the money they can get. The Republicans want big contributions from rich businessmen. The Democrats want as many contributions as they can get from outcasts like the AFL-CIO Committee on Political Education, and the bigger the better.

An original Hennings proposal to grant income tax credits and deductions for political contributions wasn't even considered by the committee. The majority wasn't interested in small contributions, though that has been frequently suggested as the best way to broaden the base of political financing and end big money influence.

THE FINAL BILL DOES MAKE SOME improvement in the reporting and disclosure of information on campaign contributions and expenditures. It makes legal, political giving and spending, which are illegal today, even though they are hypocritical common practices in both parties.

For instance, under present law the maximum which any party is supposed to spend in a presidential election is three million dollars. The new bill would raise this to 20 cents for every voter in any of the three most recent presidential elections. On the basis of over 61 million votes cast in 1956, the limit would be over 12 million dollars for each party.

In elections for U.S. senators, the present law puts a \$25,000 ceiling on expenditures for any candidate. The maximum for a U.S. representative is \$5,000.

The new bill would raise the limits to \$50,000 for a senatorial candidate or state representative-at-large and \$12,500 for a congressional candidate. These ceilings would apply only in the smaller and less populous states.

IN THE BIGGER STATES, THE FORMULA would be 20 cents apiece for the first million votes cast for all candidates running for office in the last election, plus 10 cents apiece for all votes over one million. As an alternative, the candidate could count registered instead of actual voters.

The way this figures out, candidates for senator in New York and California, where over five million votes were cast in 1956, could spend over \$600,000. For Pennsylvania the ceiling would be over \$500,000, for Illinois and Ohio over \$400,000, for Michigan and Wisconsin over \$300,000.

Candidates for Congress in districts where the vote ran as high as 200,000 could spend \$40,000. If the vote was around 100,000, the ceiling would be \$20,000.

Radio and TV

By CHARLES MERCER

NEW YORK (AP) — "What a soft job. All they have to do is stand on camera, look cute and be admired."

This is a comment that's beginning to bore four pretty girls at NBC-TV who are "show-offs" on the network. Sandra Wirth, Marian Stafford, June Ferguson and Toni Wallace have 14 major beauty titles among them.

The girls, who show products and prizes while helping contestants and emcees on NBC-TV quiz and audience participation programs, issue this general warning to this year's crop of beauty contest winners:

"Beauty is fine. But a girl must have talent too—and work at it."

Besides "standing around" each Monday through Friday for the visual enjoyment of millions, the four spend about 50 hours a week in rehearsals, sponsor meetings, demonstrations of products and long sessions with makeup and wardrobe men and beauticians. Each, by the way, is a Southern belle.

Miss Wirth, who hails from Florida, is the tall, tanned blonde who reigns as "Miss County Fair" on the show of that name.

Miss Stafford, from Texas, is the blonde "Pirate Girl" on Jan Murray's "Treasure Hunt."

Miss Ferguson, from West Virginia, and Miss Wallace, from Florida, are models and prize exhibitors on the daytime and nighttime versions of "The Price Is Right."

Summarizing their careers, Miss Wirth says:

"The world is full of beautiful girls. But in show business there's no such thing as a beautiful, lazy girl."

How to Keep Well

By Dr. Theodore R. Van Dollen

(© 1958: By The Chicago Tribune)

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is inclosed. Telephone inquiries not accepted. Dr. Van Dollen will not make diagnoses or prescribe for individual diseases.

POOR HEALTH RESULTING FROM DEPRESSION

Many persons are mildly depressed because of repeated disappointments, frustrations, defeats, and misfortunes. It affects appetite, sleep, and energy. Unless the cause is recognized, the majority spend their time and money trying to regain their health and feeling of well-being.

A change in attitude does more than all the vitamins, tonics, health resorts, and examinations combined. The cause may be uncovered by going back to the first time depression was noted. The clue may appear in the form of an unhappy incident, failure to reach a goal, a business reversal, or loss of property or a loved one.

Sometimes the depression begins in a feeling of guilt. Improvement occurs when the cause is recognized and the individual starts with a clean slate.

A more severe depression may produce a variety of emotional and physical complaints. As Henry Maudsley wrote, "The sorrow that has no vent in tears may make other organs weep."

This may account for the chest pain or headaches that many depressed persons develop. These ailments are considered conversion symptoms. The mind has played a trick on the individual by converting his unpleasant depression into a more socially acceptable illness. Chest pain is an expression of a specific, emotional heartache.

In other instances, constipation or indigestion develops, in addition to loss of appetite. Lassitude becomes generalized and may affect sexual vigor, concentration, and emotional stability. The mental depression may be so disguised by these physical manifestations, it is difficult to recognize unless accompanied by feelings of dejection and confusion.

It is just as well these things happen to some persons because

a severe depression that fails to convert into something else is difficult to live with. When this occurs, suicide is contemplated, especially when the depression is associated with deep feelings of guilt, anxiety, and confusion. Psychiatric care is needed.

Questions on medical topics will be answered by mail if stamped, self-addressed envelope accompanies request.

TOMORROW: Natural food chemicals.

WHISTLING CHEST

E. P. writes: What can I do about a whistle in my chest?

Reply
Cough it up. Whistling usually stems from narrowing of an area in the windpipe due to a plug of mucus. If the symptom persists, X-rays are needed to determine whether obstruction is traceable to another cause such as a growth.

FACIAL HAIR ON GIRL

Mrs. H. writes: What would cause whiskers on the face of an 11 year old girl who looks older than her years?

Reply
This may or may not represent an abnormality. If a glandular condition is suspected, other more noticeable changes will exist.

CHILDHOOD ENVIRONMENT

R. D. writes: Is it true that neurotics come from homes where there was friction in childhood?

Reply
This is one cause, especially when children grow up with feelings of frustration and insecurity.

SLOW IN SPEECH

Mrs. D. writes: My 2 year old daughter speaks more plainly than my 5 year old son. Is this an unusual state of affairs?

Reply
Yes. Your daughter may be precocious and your son may be normal or slow. Girls usually learn more quickly than boys.

Today's Health Hint —

Control bleeding by applying direct pressure on the wound.

Business Mirror

By SAM DAWSON

AP Business News Albert

NEW YORK (AP)—You are the biggest hope of the nation's economy today — you, like all the rest of us, being a consumer. And rising consumer purchases and rising consumer confidence are the strongest growth elements at present in the economy.

Business spending plans are up a little — but not significantly yet. Government spending is up — but the increase is still just a drop in the bucket to what you spend. The chances of selling more American goods aren't too bright. On the contrary a further dip in U.S. exports is expected by the experts.

So the economy's continuing growth in the next few months seems up to you to a striking degree.

And the prospects seem good — with the notable exception, of course, of the communities hit by the steel strike.

The latest survey of consumer attitudes made in May and June by the University of Michigan's survey research center reports increasing confidence among consumers and increased plans for spending.

There are many reasons for this. Take the matter of confidence first.

A sustained rise in stock prices always breeds confidence—whether logically it should or not.

The rapid rise in corporate earnings — in many cases at a much faster pace than the gains in sales and production — makes the state of business look good indeed.

Increased working hours for many, and higher pay scales for many, gives the fortunate ones confidence both in spending now and in contracting instalment debt for future payment.

Now look at the wherewithal out of which present and future consumer spending could come.

Personal income has climbed to a record annual rate of 383 billion dollars, the Department of Commerce figures. The first half year is 6 per cent higher than personal income in the first six months of 1958.

Wages and salary totals at the annual rate are 12½ billion dollars higher than at the start of this year.

American consumers as a whole have increased savings tucked away, giving them confidence, and also offering a source they could tap for future spending.

In addition to these more or less liquid assets, individuals are acquiring equity in new homes and in consumer durable goods.

Such additions last year are put by the commission as 16 billion dollars in homes and 37 billion dollars in durables.

Against this should be balanced the rise in consumer debt, particularly in instalment debt.

And a big item on the liability side of the report at the moment is the steel strike. This will cut into the total of wage and salary payments, consumer purchases in some areas and corporate earnings in some industries.

But unless the strike is a long one, the consumer spending totals look good.

SOCIETY

Luther Leaguers To Have Visitors Soon

Youth of First Lutheran church are anticipating the arrival of a group of young people from Columbia City, Ind., 40 miles west of Fort Wayne. The group is under the supervision of Rev. G. L. Kleespie, pastor of Grace Lutheran church.

The young people are traveling to Cornell University at Ithaca, N. Y., to attend the national convention of the Luther League of America, and will arrive here Sunday, August 16.

First Lutheran Youth will provide the visiting group with night lodgings and a cook-out at Warr-Penn. A good turnout is desired, as the FLY hope to show the visitors an enjoyable time.

Those heading committees are: Reception, Judy Lauffenberger; refreshments, Judy and Neva Switzer; devotion - program committee headed by Jeff Morrison; transportation, Jim Nordine; publicity, Yvonne Seymour; reservations, Harriet Barlow and Judy Lauffenberger.

Anyone else desiring to volunteer for committees is asked to contact committee heads.

Mrs. Blackman Takes Sixth Low Gross Win

Mrs. Sidney W. Blackman continued to burn up the course with an 85 low gross for the field in Wednesday's tournament for the ladies at Conewago Valley Country Club. Of the 11 weekly matches held so far this season, she has held low gross on six occasions. Mrs. Wendell Lawson and Mrs. John Carter have held the honors twice, Mrs. T. W. Fisher once.

In the day's event, low gross on the four par three holes, Mrs. M. G. Keller was Division One winner; Mrs. Peter Juhano and Mrs. Homer Culbertson holding net points. Division Two had a tie between Mrs. Jeral Angove and Mrs. Henry Marymont, the latter also taking first points and Mrs. Gaston Hamilton second.

Division Three had another tie, Mrs. Tom Gannoe and Mrs. Charles Frantz the winners; net points tied by Mrs. Gannoe and Mrs. William Walker, with Mrs. Scott Calderwood second. Mrs. John Larson was event and low net winner for Division Four, with second net annexed by Mrs. Milton Dahler.

Northwestern Pennsylvania Women's Golf Association is having its weekly match this Friday at the Culbertson Hills course in Edinboro. Last Friday's tournament was at Meadville, with Mrs. W. C. Fuellhart having first low net and Mrs. David Beatty the fewest putts for the third division.

Gathered From The Party Line

Mrs. Frank Germonio, Protected Home Circle Accountant, plans a vacation in Syracuse July 23rd to 27th.

Mrs. Sellses King, of Gloucester, Mass., and Ft. Lauderdale, Fla., is a house guest of Mr. and Mrs. David Beatty, Conewago avenue. Arriving today from Sao Paulo, Brazil, are Mrs. David Beatty, 3rd, her daughter, Meg, and son, Bruce, who will be at their home, 110 Beatty street, for a few weeks. Mr. Beatty, Marcia and David are expected to arrive in August.

Mr. and Mrs. Calvin Baxter and daughter, Kathy, of Rhinecliff, N. Y., are vacationing with their parents, Mr. and Mrs. Harry Baxter, North Warren, and Mr. and Mrs. Curt Gibson, Redwood street.

Mrs. Mildred Masterson and daughter, Miss Lauretta, are here from West Palm Beach, Fla., to spend some time with relatives and old friends. On Monday evening, they were honored with a gathering of about 30 friends at the home of Mr. and Mrs. Clifford Collins, Warren-Kinzua road.

Friends of Mrs. Leonard Tower of Warren RD 2, injured in an automobile accident while on their wedding trip, will want to remember her with cards while she is in Andrew Kaul Memorial Hospital in St. Marys. It is expected she will have to remain at the hospital about six weeks and will undergo surgery for a leg fracture.

Mr. and Mrs. Marshall Stanton and children, Dean and Joy Marie, of Kinzua, have returned from a pleasant vacation trip that included the Gettysburg Battlefield. The children visited their grandparents, Mr. and Mrs. John Puet, of Brackenridge, while Mr. Stanton, commander of Warren-Forest County American Legion, and Mrs. Stanton, newly-elected president of Brant-Bentley Unit 747 of Kinzua, served as delegates to the state Legion and Auxiliary convention.

Salem Congregation Welcomes New Pastor

The Rev. and Mrs. Jerry Angevine and small son, Steven Mark, were honored guests at a welcoming reception given by members and friends of the congregation of Salem EUB church.

Mrs. Henry Baldensperger, president of the Ladies' Aid, was in charge of the program, which opened with a prelude by Ruth Ackert. Ernest Huber, Sunday School superintendent, led devotions; words of welcome were given by Paul Ristau, Mrs. Carl Jones and Mrs. Baldensperger. Rev. Frederick Okerkircher spoke for members of Emmanuel United Church of Christ.

Special music included a solo by Nels Gustafson; a duet, Patty Jones and Barbara Baldensperger; a solo, Ray Marti. In response, cordial remarks were heard from Rev. and Mrs. Angevine.

A social time followed, with light refreshments served from a table beautifully appointed in keeping with the occasion. Mrs. Keith Atkins served as general chairman, aided by Mrs. Ernest Huber, Mrs. Ray Marti, Mrs. Ivan Rydholm, Mrs. E. A. Kaebnick.

Betrothals

Mrs. Alva Shepard, Irvine, announces the engagement of her daughter, Doris C. Mayers, to Michael J. Kotmair, son of Mr. and Mrs. Francis J. Kotmair, Darlington street, Warren. No date has been set for the wedding. (Photo by Stokes).

Mr. and Mrs. Jerome D. Greenebaum, of Hanover, Pa., have announced the engagement of their daughter, Barbara, to H. Alfred Gibson, of Narberth, son of the late Allen M. and Marjorie Gibson, of Warren and Sheffield. Miss Greenebaum is a graduate of Penn Hall Preparatory School and of Pennsylvania State University. Mr. Gibson was graduated from Indiana State Teachers' College and did graduate work at Penn State. He is also a veteran of four years' service with the Army in Korea and Europe.

Mr. and Mrs. M. L. Gainer, Mt. Joy, Pa., announce the engagement of their daughter, Ruth S. Gainer, to Merle A. Sly, of Warren, a son of the late Mr. and Mrs. Ray R. Sly, Sr., formerly of 202 East Fifth avenue.

Miss Gainer, graduate of Mt. Joy High School, was engaged in EUB church work in Kentucky for eight years and is presently employed at Warren State Hospital. Her fiancé, alumnus of Warren High School and employee of Struthers Wells Corp., served with the Air Force in World War II, spending 21 months in the Pacific theatre. A September wedding is planned.

NAMES OMITTED
Inadvertently omitted from the report of the wedding of Shirley Louise Stanton and Lyle William Porter, published in the Wednesday issue, was the name of the ring bearer, Bruce Dudgeon, of Frewsburg; also the following aides: Maxine Crouse, Quaker Bridge, N. Y., who cut the cake; a cousin of the bridegroom, Mrs. Merle Fleming of Ashtabula, O., who was at the punch bowl; and a cousin of the bride, Mrs. Duane Spicer of Russell, who managed the guest book.

Q—For what is Richard Henry Lee best remembered?
A—He introduced the resolution in the Continental Congress in Philadelphia in 1776, that the 13 colonies should be independent of the mother country.

Q—Why is the state of Maine often referred to as Down East and its people as Down-Easters?
A—This is because travelers from Massachusetts, mother state of Maine, had to go north and east to reach the region.

Q—Which is the largest of flying fish?
A—The whale shark. Specimens 45 feet long are on record and some of 60 feet have been reliably reported.

Q—Which was the first state to join the Union?
A—Delaware.

ORIGINATION
Use of Evelyn as a boy's name began in England, probably after the Norman invasion of 1066. Originally, it was a family name derived from the old French Avelin.

OBITUARIES

FUNERAL INFORMATION WILL BE FOUND UNDER ANOTHER HEADING

F. A. LAMBERT
Word has been received here that Frank A. Lambert, who was Armour Company manager here from 1952 to 1957, died Monday in Olean, N.Y. Services were held in that city this afternoon, with interment following in Mount View cemetery.

MRS. CHARLES R. OBERG
Funeral services will be held at 1:30 p.m. Saturday in Jamestown for Mrs. Ida Olivia Oberg, 84, of 78 Norton avenue, Jamestown, grandmother of Mrs. Thomas Stanton, of North Warren. Rev. Paul A. Westerberg, of Jamestown First Lutheran church, will officiate, followed by interment in Sunset Hill cemetery.

Mrs. Oberg, who was born November 27, 1874, in Sweden, died at 8:20 a.m. Wednesday in Jamestown General Hospital. She was a member of Chautauque County Gold Star Mothers' Chapter, a son, Harold E. Oberg, having been killed in action while serving with the Army Medical Corps in the North Atlantic in 1943.

MRS. HELEN SPEER
ST. MARYS, Pa. — Mrs. Helen Speer, 84, widow of industrialist John S. Speer, died Wednesday night at her home.

Her husband headed the Speer Carbon Co., with manufacturing plants in St. Marys, Bradford, DuBois and Niagara Falls, N. Y. Funeral services will be held Saturday.

GUY ARROWSMITH
CORRYDON—Word has been received here that Guy Arrowsmith, of Dayton, O., who formerly lived in Corydon and has a number of cousins here, died on June 30. Interment was made in Vandalia, O.

Mr. Arrowsmith, a son of the late William and Margaret Arrowsmith, was born in Washington, Pa. He is survived by his

wife, Mrs. Evelyn Arrowsmith, and two children, of Dayton; also two sons who reside in Erie.

HARRY F. GUTZLER
Services were held at 2:00 p.m. Wednesday for Harry F. Gutzler, of 106 Brook street, with Rev. J. Edward Lipja, of St. John's Lutheran church, officiating. The following fellow-members of IOOF Lodge 339 served as bearers for commitment in Oakland mausoleum: William Silze, Stuart Custer, Howard Kinkead, Fred Lauffenberger, Amil Johnson, John Farrell.

Attending from away were Mr. and Mrs. Chester Gutzler and family, Portsmouth, Va.; Mr. and Mrs. Miles Kouski, Charlotte and Joan Kouski, Miles Kouski, Jr., Carl Kilmner, Erie.

AMANDA L. RIGGLE
Mrs. Amanda L. Riggle, of 8 Center street, Clarendon, died at 11:15 a.m. Wednesday, July 22, at Westmoreland Hospital in Greensburg, Pa. Mrs. Riggle was born in West Union, W. Va., on June 7, 1890, but had been a resident of Clarendon since 1936.

Survivors include a daughter, Mrs. J. E. Hizer, Jr., of Jeanette, Pa.; three sons, John L. and Melvin, of Clarendon, and Charles, Jamestown, N. Y.; 10 grandchildren and five great-grandchildren. She was preceded in death by her husband, John M. Riggle, in September of 1937; and a son, Earl H. Riggle, killed in action in North Africa in World War II.

Services will be held in Jeanette, Pa., at 10:00 a.m. Saturday, followed by interment in Jeanette Memorial cemetery.

SARAH J. MUMFORD
Mrs. Sarah J. Mumford, 89 year old resident of 108 Onondaga avenue and widow of the late Assemblyman Aaron J. Mumford, died at Keystone Nursing Home shortly before noon today

Playground News Beat

With the first city-wide special event completed, youngsters of Warren's seven playgrounds already are looking forward to next week when Junior Olympic Track and Field meet will be held on Beatty field.

The Wednesday event is open to children between 7 and 15, inclusive. They will compete with kids of their own age in many running, jumping, throwing and kicking events.

First place winners receive blue ribbons, red sashes for second place finishers and third placers will win white ribbons. Chief competition from past years has come from Crescent and Memorial.

Today's special event on playgrounds was tall stories; hoop rolling and balancing contests Friday.

Saturday night, teenagers will have an opportunity to dance at Youth Canteen to music of the popular Booney Sturdevant Combo. A small donation will admit dancers to the spot.

EVENTS

6:00, VFW Auxiliary, Warr-Penn.
6:00, Circles 1-3, Hubbard cottage.
6:00, Bethel Aid Society, Collins cottage.
7:00, Elks Bridge Club.

Correct name for the mineral known as "fool's gold" is chalcopyrite and sometimes pyrite, after having been ill for some time. A more complete obituary will be published Friday.

A private funeral service will be held on Saturday afternoon.

Funerals

SARAH J. MUMFORD
Friends will be received at the Templeton Funeral Home from 2:00 until 4:00 and 7:00 until 9:00 p.m. Friday. A private funeral service will be held there Saturday afternoon.

MURDER ATTEMPT FAILS—Bandaged, bloody Mrs. Norma Briggs, 34, is helped up the side of a canyon from her wrecked auto (background) in Santa Monica, Calif. Her husband, Robert J. Briggs, 39, is being held on charges of attempting to murder his wife and her mother, Mrs. Mary D. Nilson, 65, by forcing the car over the cliff.

Garden Club Workshop Committees Reported

Mrs. Charles Tranter, general chairman for the Warren Garden Club Workshop at the YWCA on Friday, announces the following committee chairmen who have been responsible for planning this mid-summer event:

Acting as co-chairman is Mrs. Robert Probst, with Mrs. Lawrence Carlson and Mrs. Patrick Gerardi as co-hostesses for the luncheon.

In charge of tickets is Mrs. William Harbert, who reminds they are available from any Garden Club member, from the B and B Smoke Shop and United Cigar Store, or may be had at the YWCA prior to 10:00 a. m. Friday. The ticket includes the luncheon, as well as the workshop.

The club could not have planned this affair at a more appropriate time, since the Women's Club Flower Show in September is an annual event and many area flower-fanciers will welcome the opportunity to glean invaluable information concerning flower arranging, as well as hints on things for which judges look in their task.

Mrs. Emily Stuebing, guest instructor from Pittsburgh, will discuss arrangements suitable for entry in various classes and will tell what to work for in design, color, care and conditioning of flowers, backgrounds, and accessories, plus general instruction in arranging and preparing for the show.

She is the first national accredited flower show judge in western Pennsylvania and second in the state. She has also been a table setting and flower arranging consultant for Joseph Horne Company for five years, setting some five to eight tables and arranging different centerpieces for each.

DAIRYMEN'S LEAGUE PLANS FOR PICNIC

Invitations have been sent to some 60 farm families, members of the Sugar Grove Local of the Dairymen's League, to attend a picnic dinner Sunday at 1:00 p. m. The affair is being held at the Burdette Weilers on the State Hospital Farm. Those attending are asked to bring a turkey, pie or cake, and table service, the remainder of the menu to be provided.

ON DEAN'S LIST

Janis L. Carlson, daughter of Mr. and Mrs. Hazen Carlson, 410 East street, has been named to the spring dean's list at Rochester Institute of Technology. Janis, a 1954 graduate of Warren High School, received her bachelor of science degree from the food administration department at R. I. T.

ANNUAL MEETING

The Chautauque County Historical Society will have its annual meeting on Saturday August 1, the business session to convene at 10:30 a. m. in Westfield Presbyterian church, when officers will be elected and important business discussed.

A basket picnic will be held at noon at Ottoway Park, Barcelona, to be followed by an address by Dr. James M. Edmunds, of the State University Teachers' College, Brockport, N. Y., on the topic "New York State Has Everything."

TENT MEETINGS

There will be tent meetings at Garland on the Kellogg Farm, July 26 to August 9, except Monday, August 3. Rev. James Godley, of Greenville, will bring challenging messages and there will be special music and singing. The meetings are sponsored by the First Baptist church of Corry.

CLUB MEETING

CORYDON — Tuesday Afternoon Five Hundred Club met at the home of Mrs. L. J. Whyte, when honors were awarded to Mrs. Hulda Black, high score; Mrs. GlenDine LaDow, second; Mrs. Cynthia Frue, slam; Mrs. Hazel Benton, consolation. Others present were Mrs. Evelyn English, Mrs. Jessie Bennett and a guest, Mrs. Grace Homer, Oil City. Refreshments concluded the affair. Mrs. O. A. Benton is the next assigned hostess.

CLASSIFIED ADS accepted until 11 a. m. on day of publication.

Picnic-Meeting For WSCS at Sugar Grove

SUGAR GROVE — WSCS of the Methodist church held a picnic-meeting on Mrs. Gerald Miller's lawn, with Mrs. Alvin Rhodes co-hostess. Fifteen members and three guests were present. Mrs. Clifford Storms presided at the business session, and Doris Bloomster offered prayer.

Theme was "Building Christian Character — Youth." Mrs. Ethel Bloomster presented devotions and made comments on a recent trip to Fort Niagara.

Flossie Broughton, chairman, arranged the program around a convention of World Missions fields, with women in costume representing and displaying objects from those countries. Each gave a brief message of interest from her mission area.

Women participating were Mrs. Rhodes, Algeria and Moslem nations; Mrs. Travers Stohlberg, Japan; Mrs. Storms, Taiwan; Mrs. John Anderson, Bethlehem in Virginia; Mrs. Wesley Barlow, Belgian Congo; Mrs. Darwin Curtis, Alaska; Mrs. Guy Jo Summerson, Nepal; Mrs. Harold Barnes, India; Mrs. Miller, Hawaii. Doris Bloomster wore typical Indian jewelry and Mrs. Bloomster a pin from Alaska, fashioned from the tusk of a walrus.

Guests included Miss Bloomster, Mrs. Frank Richmond and Mrs. Ethel Cartwright.

World Briefs

CUIDAD TRUJILLO, Dominican Republic (AP) — A leader in the recent unsuccessful invasion attempt to overthrow Dominican dictator Rafael Trujillo has died of a heart attack. Lt. Col. Horacio Frias, head of Victoria Penitentiary, announced Wednesday. The rebel leader, Maj. Delio Gomez Ochoa, was confined at the prison awaiting trial.

TAIPEI, Formosa (AP) — A wedding ceremony was held today for two lovers who drowned themselves four days ago because their parents would not let them marry.

PARIS (AP) — The Swan Hairdo, with wings of hair swept forward on the cheeks and a pure-browed look, is the season's new style from the Paris hairdressers' syndicate.

MOSCOW (AP) — Soviet Premier Nikita Khrushchev returned by plane to Moscow today after a nine-day state visit to Poland. Among those who greeted Khrushchev and his delegation were his two first deputy premiers, Anastas I. Mikoyan and Frol Kozlov, and Soviet President Klementi Voroshilov.

World Today

(From Page Four)

viet Union today is in far better position to risk a showdown with the West than in Stalin's time just 11 years ago. This is the picture as Eisenhower painted it:

He said—if there is a new Berlin blockade — he believes the tactical military position of the Western Allies would be just about as poor as possible.

He feels that even passive resistance on the part of the Communists would jeopardize the Allies' land routes into Berlin and that Red jamming of Western radar would make a mass airlift very difficult.

The President said a new blockade would be much tougher to crack than the one 11 years ago. He feels, he said, the Allies could not supply West Berlin with enough of the raw materials its economy needs.

Yet what he didn't say — although it is clear enough — is this: The United States can't stand idly by and see Berlin lost without jeopardizing the entire Western alliance whose members' confidence in their combined will to resist the Soviet Union would be badly damaged if not destroyed.

"Everyone at our house," says Mrs. R. J. Miller of RD #2, Warren, "appreciates being able to take a nice hot bath whenever they like." "That's probably the big reason why I'm so pleased with our electric water heater. Even though I've used hot water for laundry, dishes or cleaning, there's always plenty left. It's such a relief not to worry about hot water. And my husband thinks it's wonderful that we can have the convenience of an electric water heater at such low cost!"

Midsummer Transition Cottons

BY GAIL DUGAS
NEA Women's Editor

NEW YORK (NEA) — Midsummer is the logical time to add some darkened tones to your wardrobe. They suggest that fall is on the way but since they're done in cotton, they're cool and therefore comfortable.

Cotton separates in deep colors and sophisticated prints are the easiest way to give your wardrobe a lift over those humid days until fall arrives. Neatly tailored shirts with convertible collars are teamed with slim or slightly full skirts. These are done in muted patchwork prints, provincial prints and medallion prints, all with dark backgrounds.

American girls have gotten along just fine with blouses ever since the days of the celebrated Gibson Girl. This summer, they'll find them still another solution to the midsummer clothes problem. And as in Gibson Girl days, the bigger the sleeve, the better. Capote sleeves, double-layered lantern sleeves or deeply puffed sleeves are seen in the new blouses.

Shirtwaist separates by Rhoda Lee (left) are done in darkened patchwork print. Tailored shirt is teamed with skirt whose fullness stems from unpressed pleats.

White broadcloth blouse has (right) full blown sleeves embroidered with floral motif. Tie neckline has embroidery repeated in circle of color just under the bending.

OLD-TYPE FORTS

A Martello tower is a circular masonry fort designed to form a part of coastal defense. Popular about 1800, these forts have

been discontinued as they were found to be of little practical value.

More cotton is grown in Mississippi County, in the delta region of Arkansas, than in any other county in the United States.

7♥ Pass Pass Pass
Opening lead—♦ Q

BY OSWALD JACOBY
Written for NEA Service

South was tempted to go to seven no-trump after his partner showed two aces but he was a little worried about his fourth club and decided that seven hearts would be a better contract.

When he saw the dummy he decided to play the hand as if it were no-trump and proceeded to run off his high cards in the hope that either clubs would break, someone would discard long clubs or that a squeeze would develop.

None of that happened and when the smoke of battle had cleared away South was down one and the rubber was still going on.

South should have made the hand by taking advantage of the trump suit. The winning play would be to draw two rounds of trumps only and then go after the clubs. Since West held three trumps and four clubs South would have been able to trump his fourth club in dummy.

This play would have risked nothing. He could not lose the hand unless the player with the short clubs held the long trump and in that case he would not have made the hand anyway.

♥-CARD Sense-♦

Q—The bidding has been:
South West North East
1♣ Pass 1♥ Pass
1♠ Pass 2♦ Pass

You, South, hold:
♠ A K 10 9 8 7 6 5 4 3 2 ♦ A Q 4 3

What do you do?
A—This is one of those really close bids. My preference is for two no-trump but three hearts is a close second choice and three no-trump is not bad.

TODAY'S QUESTION
You do bid two no-trump and your partner continues with a bid of three diamonds. What do you do now?

News of Hollywood

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—It passed unnoticed in a Hollywood that pays more attention to the more transitory of marital unions. But it should be recorded that this month marks the 30th wedding anniversary of Irene Dunne and Dr. Francis Griffin.

The pair sought no publicity on the event and Miss Dunne declined to expound on how to make a marriage last three decades in Hollywood. "I might break the spell," she laughed.

Preston Foster is rounding out his first year as host-greeter at the new Frontier Hotel in Las Vegas. You might think his fine acting talent should be put to better use, but he says he's enjoying the life.

Harry Belafonte finished out a smash engagement that saw the 4,000-seat Greek Theater filled to the brim for three weeks. He leaves for some more concert

dates in the west, then plans to play the Soviet Union.

The singer continues to grow as an entertainer and has the audience riveted to attention throughout his show.

Seidman has there been divergent opinion on a film as has met "Porgy and Bess." The critics have either embraced the movie or poked it to pieces.

I side with the pros. There are faults in the film. Some numbers, principally the wake scenes, are poorly staged. And I wish there had been more outdoor shots instead of sticking to the Catfish Row indoor set.

But the over-all effect is an artistic experience. The cast has more verve and acting skill than you usually see in a musical. Even so, the star of the movie is George Gershwin. He created the best score written by an American, and the soaring quality of the music remains unchanged by familiarity. How much richer our musical legacy would be if he hadn't died at 39!

PROFILE OF A PRINCE—Looking ready to be stamped on a coin of the realm is Prince Philip, husband of Britain's Queen Elizabeth. Striking profile was taken against the Montreal sky.

Native Stone To Be Used To Form F.F.A. Gateway

HARRISBURG — A block of native Pennsylvania stone will be built into the gateway to be erected at the entrance to the grounds of the new national headquarters of the Future Farmers of America near Alexandria, Va.

Presentation of the stone will be made on Friday afternoon (July 24) by Gerald Greiner of Mannheim, RD 4 Lancaster County, new president of the Pennsylvania Association. Future Farmers of America. The presentation of the stone will be part of the ceremonies dedicating the farm boy organization's new national headquarters building.

Pennsylvania's gift to the gateway will be a piece of polished limestone 3 by 3 by 6 inches, with the letters "PENNA" carved into its surface. In making the presentation, young Greiner will explain that the FFA boys of this State chose Pennsylvania limestone because in Pennsylvania "limestone makes the soil fertile and the Future Farmers prosperous."

The limestone block was donated by the Pennsylvania

Limestone Producers' Association and was polished and carved by the H. E. Millard Lime & Stone Company of Annville, Lebanon County, as a contribution to the FFA headquarters entrance.

Each of the 50 states and Puerto Rico have been invited to donate stones, properly identified, for use in erecting the gateway. The donated stones are limited to the same size as the dimensions of the Pennsylvania contribution. Because of the limited size, it was impossible to spell out "Pennsylvania" completely on the limestone block.

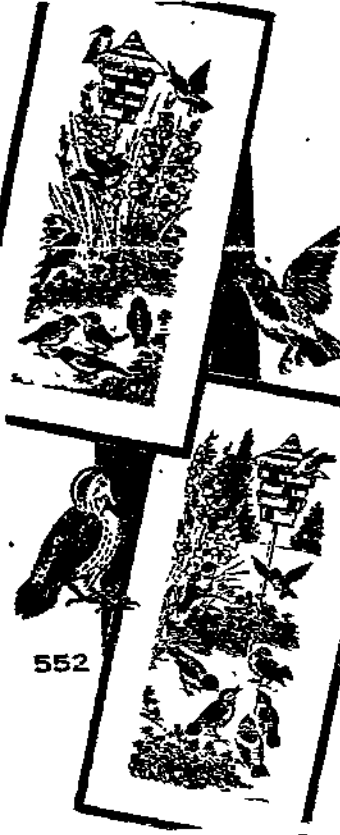

Bryan Hafen of Mesquite, Nev., an FFA national vice president, will be in charge of the ceremony of accepting the states' stones.

Stones for the gateway will be the second item which each of the states will contribute during the building's dedication. Each state also will contribute one pound of its soil to be spread on the grounds of the new building. The soil and stones signify the importance of unity among all FFA members from all parts of the country in working together to achieve the goals of the Future Farmers.

The new FFA building is on a portion of the original farm operated by George Washington, before he became master of nearby Mt. Vernon, and is close to Washington's grist mill, which the FFA acquired for preservation a score of years ago. The building will house FFA records and accounts, will be headquarters for the FFA magazine "The National Future Farmer" and will be the operating base for the FFA Supply Service through which FFA boys buy their blue jackets and supplies needed by FFA chapters and members in carrying out the FFA program.

Many Important Bills Signed by Gov. Lawrence

HARRISBURG — Legislation signed by Gov. Lawrence strengthens Pennsylvania's laws related to bomb scares.

The governor Tuesday signed a bill making it a crime to supply false information on setting a bomb to school officials, railroads, theaters or other places of assembly. The old law made it a crime only if such information was supplied to police.

Lawrence also signed into law bills that will:

- Remove the ceiling of 4 1/2 percent on the interest rate that may be paid on the sale of bonds for financing the Korean veterans' bonus.
- Authorize second class townships to impose a license fee of up to \$25 a month for transient retail businesses.
- Give first class townships the right to assess private corporations or other owners for the costs involved in enlarging and maintaining sewage collection systems.
- Authorize insurance firms to guarantee arrest bond certificates issued by automobile clubs.
- Give the state's 47 third class cities more flexibility in setting up social security retirement programs by removing a provision of the third class city code and retirement law requiring accumulation of a reserve fund within 25 years to cover all liabilities.

matter of FACT

When Columbus sailed on his second voyage in 1493, Juan Ponce de Leon was with him to begin his career as explorer and conqueror for Spain. As governor of Puerto Rico, he became impressed with native tales of a nearby country, Bimini, said to contain a spring capable of making youth continue indefinitely. Setting sail to find Bimini and the spring, he reached land in 1513. He named the country Florida, after the Spanish name for Easter Sunday, the day on which he first sighted land.

First postage stamp was issued on May 6, 1840. It was the famous one-penny black of Victorian England.

BUSINESS BRIEFS

NEW YORK (AP) — Welbilt Corp., stove manufacturer, expects to boost annual sales by at least 10 million dollars through the acquisition of Wedgewood — Holly Corp. of Culver City, Calif.

Alexander P. Hirsch, chairman of Welbilt, said the Culver City plant will continue to make the present line of Western Holly and Wedgewood ranges. He said further acquisitions are planned.

NEW YORK (AP) — Net assets of the One William Street Fund have increased 31 per cent since the investment company was organized 13 months ago. The total on June 30 was \$289,542,000.

Weekly Food Review

By THE ASSOCIATED PRESS
Varied cut of beef and pork are featured this week in many of the nation's supermarkets and neighborhood grocery stores.

Rib roasts and steaks seem to have a slight edge over chuck and hamburger meat in number of offerings. Prices of the more expensive cuts are irregularly lower, meaning that reductions in price outnumber advances. In most cases changes are in the 4 to 6-cent range.

Pork specials similarly run more to the higher priced items such as hams. Pork chops are marked up 3 to 4 cents a pound in some areas, but oven-ready smoked and fresh hams are priced as low as 39 cents a pound.

Turkeys are the No. 1 attraction in a few places, as are flying chickens. Prices on the latter are a cent or two weaker.

Eggs are mostly unchanged. Outstanding vegetable bargains this week are sweet corn, snap beans, cucumbers, new potatoes, radishes and green onions. Good buys include cauliflower, celery, Western topped carrots, endive, escarole, broccoli, tomatoes and yellow onions — although somewhat higher this week.

Moderate buys include egg plant, lettuce and peppers.

Outstanding fruit buys are bananas, pineapples and limes.

Steel wire nails first were made commercially in America in 1873.

PLAN NOW FOR 4-H CLUB WEEK

"Plan now" is a good motto for a girl going to 4-H Club Week, August 10 to 13, at the Pennsylvania State University, says Miss Patricia Kelley, Assistant State 4-H Club Leader. To enjoy club week activities to the fullest, she must be comfortably dressed and at ease. Careful wardrobe planning is important.

A girl does not need new clothes to be well-dressed during Club Week; her school dresses are ideal. However, she should be sure her dresses are freshly laundered and in good repair. A few well chosen accessories will add variety to her wardrobe and help dress up outfits to suit different occasions.

She may need Bermuda slacks or jeans for some judg- tive games, but such clothing will not be appropriate for as- sembly programs or demon- strations. If a girl is an agricul- tural club member, she may need slacks or jeans for some judg- ing contests.

Comfortable walking shoes are essential. If a girl needs new shoes, she should buy them now and break them in ahead of time so they will be comfortable.

For general cleanliness, she needs to pack soap, washcloth, towels, toothbrush, toothpaste, and other necessary toilet arti- cles. To be prepared for weath- er changes, a girl needs an um- brella, a raincoat, and a warm wrap. For good appearance at all times, she should plan an easy care hairdo.

BUFFALO EGG REPORT
Tuesday, July 21 — Receipts were short to barely adequate for extra-large white; barely adequate to adequate for large; medium and small ample. Demand was slow to moderate. The market was steady.

(Prices indicated are for sale in case lots.) Prices to retailers (cents per dozen in cartons) NYS GRADE A.

White: Extra large 47-53, mostly 50-52; Large 45-50, mostly 48-50; Medium 38-42, mostly 39-41; Small 27-28.

Brown: Extra large 46-52, mostly 49-51; Large 44-49, mostly 47-49; Medium 37-41, mostly 38-40.

Midwestern eggs meeting NYS GRADE A requirements. Supplies were adequate. Demand was moderate. The market was steady.

White: Extra large 45-47, mostly 46; Large 43-45, mostly 44; Medium 39-41, mostly 40-41; Small 29-30.

Brown: Extra large 44-46, mostly 45; Large 42-44, mostly 42-43; Medium 38-40, mostly 39-40.

WARREN COUNTY DAIRY ASSN.

Red Cross Swimming Classes End With 39 Beginners Passing Tests

Another of the outstanding activities of Warren County Red Cross Chapter, the begin- ners' swimming class, has come to a successful conclusion with termination of a four-week course that included instruc- tion two nights a week for a total of 10 hours.

Paul Steinkamp, life saving and water safety chairman for the chapter, headed the training program at Chapman Dam Park, with a total of 134 pupils taking lessons. Thirty-nine of these passed the beginner's test and 35 youngsters under six years of age received special in- struction.

The 39 receiving certificates and buttons included:

Patty Walker, Kathy Cul- bertson, Pat Carlson, Cheryl Drescher, Paula Andrews, Karen Kirby, Curtis Songer, Barbara Songer, Nancy Hum- mer, Robbie Schorman, Joe Kavinski, Douglas Johnson, Patty Jackson, Laura Kirby, Mabel Bean, Ronnie Hultquist, Ronnie Howard, Steve Marky, Heidi Ruhlman.

Randy and John Dickey, Beverly Christie, Christie Peter- son, Kurt Miller, Donna John- son, Gloria Miller, Frank Bean, Richard Christie, Debbie Bell, Karen Meadows, John Kulka, Tessa Saffin, Kay Dexter, Pat Nelson, Joyce Carnahan, Lynn McMillan, Denise Johnson, Vicky Mock and Tom Okruch.

Chairman Steinkamp has been assisted by a staff of 15 volunteer instructors, who did an outstanding job and deserve such credit for the success of the effort that is to be made an annual event on the Red Cross calendar. The coopera- tion of Charles Merroth, state forester, was another big con- tributing factor.

This summer outdoor class of swimming and water safety in- struction is but one phase of the year-long program which is carried out by Mr. Steinkamp, other work having been done in the YMCA pool.

His summary of the past year's work shows completion of two junior and one senior life saving class, another pe- riod of instruction, Dick Scalse, to Camp Lutherlyn for a con- centrated 10-day course at the Red Cross-sponsored aquatic school.

Look Out, Don't Be Caught By Husband-Hunting Coeds

Memo to young men who are entering college this fall:

Recently I've had the opportunity of talking to a number of girls who are entering college this fall, and I think I ought to warn you most of them have only one objective in mind—to find a husband.

Why should that concern you? Because unless you're wary, your dreams of going through medical college or law school or becoming a scientist may end with helping to pick out a silver pattern by the end of your freshman or sophomore year.

Oh, the girl may convince you that she is willing to drop out of school and go to work to let you finish. She may even do it—if a baby or two doesn't come along.

But even if she puts you through school at the sacrifice of finish- ing her own education, it is going to be a long, hard struggle and you'll end up with a wife who hasn't as good an educational back- ground as you.

But chances are, what will happen is that you'll drop out of school yourself and settle for a job you don't really want.

And all because some girl set out for college determined to get a husband, rather than to get an education.

So if you're smart, you'll hang on to your freedom until you have prepared yourself for the life's work you really want to do.

If before you've finished your college training you find the girl you're sure you want for a lifetime partner why not do what your Dad probably did—ask the girl you want to marry to wait for you?

If it's you she wants and not just a husband, she'll wait. If all she wants is a husband you'll, of course, probably lose her to somebody else. But you won't have lost as much as you think at the time.

Excellent Rating Given Boy Scout Camp Cornplanter

Camp Olmsted, operated by the Chief Cornplanter Council, Boy Scouts of America received a rating of "excellent" by representatives of Region III when they inspected the camp earlier this week.

Deputy Regional Executive Leo Gruss, Philadelphia, and Louis Round, New Castle, ac- companied Scout Executive H. Bruce Ayars and Camp Director Dick Bauer on the inspec- tion tour.

The Hon. Alexander C. Flick, Jr., Council vice president, pre- sided over the executive board meeting held at Camp Olmsted where the inspection report was made.

Mr. Gruss complimented the group on the excellent program being offered the group and also on the several new acqui- sitions that enable the camp to provide a better experience for the boys attending.

Several outstanding features were added to this year's pro- gram that were not included in the past. Most popular was a course in gun safety presented by David Titus, Division Game Protector, and his staff. Mr. Titus, in addition to giving the nationally recognized N.R.A. Hunter Safety Course, was able to present each week a special feature to delight the boys. Of especial interest was the trick shooting demonstrations.

The Council was complimented by both Mr. Gruss and Mr. Round for its upkeep of the physical facilities, the construc- tion of the new dock, and the relocation of the swimming area.

Pennsylvania Leads As Magnet To New Industry

HARRISBURG — Pennsylv- ania ranks first in the Nation as the state "doing the most to attract industry," according to the industry magazine Mill & Factory, published in New York City.

The July issue of the maga- zine carries results of a nation- wide survey among industrial firms as to their plant location thinking.

With Pennsylvania leading, the other states in the top five nationally were, in this order: Georgia, Ohio, Florida and In- diana.

The survey also questioned in- dustrialists as to "which three states would you say are doing the most to discourage new in- dustry?" The answers to this question listed the following states, in this order: Michigan, New York and Massachusetts.

"Competition between the states seeking new industry is getting keener and keener, and the many industrial development organizations of Pennsylvania communities, utilities, railroads and real estate firms can feel justly proud of the good opinion industry has of Pennsylvania in plant location matters, as shown in the Mill & Factory survey; also, the survey results give us all some new ammunition to use in this friendly but serious bat- tle to attract industry," State Commerce Secretary William R. Davlin stated in calling atten- tion to the survey.

The survey showed that in- dustrialists ranked the follow- ing six factors as "most impor- tant in choosing a plant loca- tion:" (1) Favorable labor eli- male; (2) Favorable tax poli- cies; (3) Near market for pro- ducts; (4) Adequate transpor- tation; (5) New raw materials; (6) Adequate water and power supply.

Employment in County Reveals An Upward Trend

Job totals for Warren County firms edged upward during the past 60 days according to Andrew J. Donick, Manager of the local office of the Pennsylvania State Employment Service. The margin of advance was 143 or 1.9 per cent. All groups, save 1 & wholesale trade, registered improvement. Most of increment was affected by shops.

As a result of the increase in May and June the current employment level for the 48 concerns is nearly identical with that for 1958 but lags behind 1957.

Mrs. Donick stated that there were 477 persons receiving unemployment benefits (regular and temporary) during the last week in June. Figures for corresponding dates in 1958 and 1957 were 638 and 206, respectively.

The decline in insured unemployment can be attributed to the recalls by factories and the termination of the Temporary Unemployment Compensation program.

Assuming that there is a sufficient supply of steel available, there will be some expansion by industrial plants; only a few still have furloughed workers with "seniority rights." There is little likelihood of a return to the 1957 mark in the near future. Continuing gains in construction and other outdoor activities will further reduce the number of jobless.

Hearings Open on Vetted Housing Bill

WASHINGTON (AP)—Hearings opening today on the vetted housing bill may determine whether Congress will attempt to override the veto or try to pass another housing measure before adjournment.

The two possible outcomes were listed for reporters by Sen. John Sparkman (D-Ala.). He is chief sponsor of the vetoed bill and chairman of the Senate Housing subcommittee that has scheduled seven days of public sessions.

The bill's sponsors hope to counter the President's attack on the vetoed measure and build up pressures for broad housing legislation.

Steel and National Economy

(First of Two Articles)
By NORMAN WALKER
NEW YORK (AP) — Can the steel industry stop wage-price inflation in America?

Roger Blough, the industry's top leader as board chairman of United States Steel Corp., is dubious. But he says it's sure worth a real attempt.

"You never know until you try," Blough said in an exclusive interview with The Associated Press. "We think some good will come of it."

Blough relaxed easily as he discussed issues in the nine-day steel strike with a reporter at his corporation's plush skyscraper offices in New York's financial district.

"I don't think any one company or industry can do this job of stemming inflation," he said.

He noted that other industries have been granting hefty wage boosts this year.

But he voiced a hope that "depending upon the outcome of our stand" in steel, other employers will lend a hand in resisting inflation.

The bargaining stalemate that led to the steel strike is rooted in the industry's position that it won't give up any new wage and benefit increases to members of the United Steelworkers unless there are offsetting labor cost savings.

Asked if the steel industry intends to maintain that stand, Blough said, "That certainly is our purpose."

Blough said it wasn't a matter of freezing wages throughout the nation. What steel wants stopped, he said, is the constant increase in employment costs—the industry's total labor bill.

There's a difference, he said. At U.S. Steel, for example, individual employees have a chance to increase their earnings through incentive payments and promotions to better jobs.

How about a steel price cut if steel labor costs are stabilized? "We're not considering any at the moment," Blough said. "We're concentrating now on achieving a reasonable negotiation result that won't result in employment cost increases."

The interviewer was curious how Blough could go along with a fast steel labor settlement in 1956—the last negotiations—yet is balking at anything like that now.

Blough figures the 1956 contract meant an ultimate 81-cent-per-hour labor cost increase, or a raise of about \$1,500 per steelworker over a three-year period. The union figures the cost at much less and has offered in vain to settle again on the 1956 increase basis.

Grieved Husband Fulfilling Wish Of Deceased Wife

By GEORGE ESPER
PHILADELPHIA (AP) — Sometime today or Friday a truck will leave here for New York carrying a coffin.

For Joseph Casagrande and his two children, Peter and Clara, and funeral director Vincent Gangemi it will mean the start of fulfilling a special wish.

That wish was made by Casagrande's wife Maria before she died June 16 at the age of 53. She wanted to be buried in her native Italy.

Casagrande had arranged through Gangemi and the Italian consulate here for his wife's body to be sealed in a special coffin and shipped to Italy.

The coffin was delivered to an American Export Lines pier July 2.

The next day this city's port was shut down by a labor dispute. Casagrande felt that the tieup would be short, so he and Peter flew to Venice on July 7 to await the arrival of the coffin. They would then make it to Mrs. Casagrande's family home in Ogliano-Congeliano, 30 miles away. Clara remained in Philadelphia.

But the tieup dragged on.

"I tried to have the casket removed to another port two weeks ago, but I received no cooperation," Gangemi explained.

Then Wednesday a settlement was reached, ending the 19-day tieup.

Ironically, only a few hours before the settlement, the funeral director received permission to remove the coffin from the pier, which was being picketed, and take it to New York.

The woman's body will be shipped to Italy on the SS Exbrook, leaving New York Saturday. The ship arrives in Venice Aug. 20.

BARNES

BARNES—Mr. and Mrs. Neil Simmons and children, Pittsburgh, are spending the week at the home of Mr. and Mrs. J. B. Lyle.

Mr. and Mrs. Harry Shaw were in Corry Sunday to visit Mrs. Donald MacMartin, a surgical patient in Corry Memorial Hospital.

Raymond Hahn, Jr., is enjoying a two-week vacation and, with his parents, Mr. and Mrs. Raymond Hahn, left for a trip to Colorado Springs, Colo., and a visit with Mr. and Mrs. Charles Cowan.

Mrs. George Conquer is a surgical patient at Kane Community Hospital. Mr. and Mrs. Conquer enjoyed a trip around Chautauque Lake Sunday, visiting at the home of Mr. and Mrs. Alfred Swart in Jamestown. Visitors at the Conquer home have been Mr. and Mrs. Walter Perry, Smethport; Mr. and Mrs. Ray Bliss and two sons, of Colville, Pa.

Mr. and Mrs. Van Taylor and two children, Pittsburgh, have returned home after a week's visit with Mr. and Mrs. Sherman Grubbs.

Recent guests at the home of Mr. and Mrs. Ben Allen have been Mr. and Mrs. George Hughes and two children, Altoona; Mr. and Mrs. Ronald Allen and two sons, Erie; Mr. and Mrs. Carmel Fitzgerald, Warren; Mr. and Mrs. Gilbert Allen, Clarendon.

Richard Curtin is having a two-week vacation and, with his parents, is spending this week at Lake Chautauque.

Visitors over the weekend at the home of Mr. and Mrs. J. C. Curtin were Mr. and Mrs. H. A. Myers, Chula Vista, Calif.; Allen Myers and family, Randolph, N. Y.; Mr. and Mrs. Jerry Myers and family, War-

You Can Make Turtle-Neck Ponchos

BY KAY SHERWOOD
 NEA Staff Writer

If yours and the children's vacation wardrobe would benefit from an added beach robe or cover-up, a quick and easy recipe for making one may hit the spot.

This late in the season it's often next to impossible to buy one. But this is apt to be just the time you could really use something to shield tender shoulders from too much sun or to toss on the small fry when they come out of the water as cold as icicles.

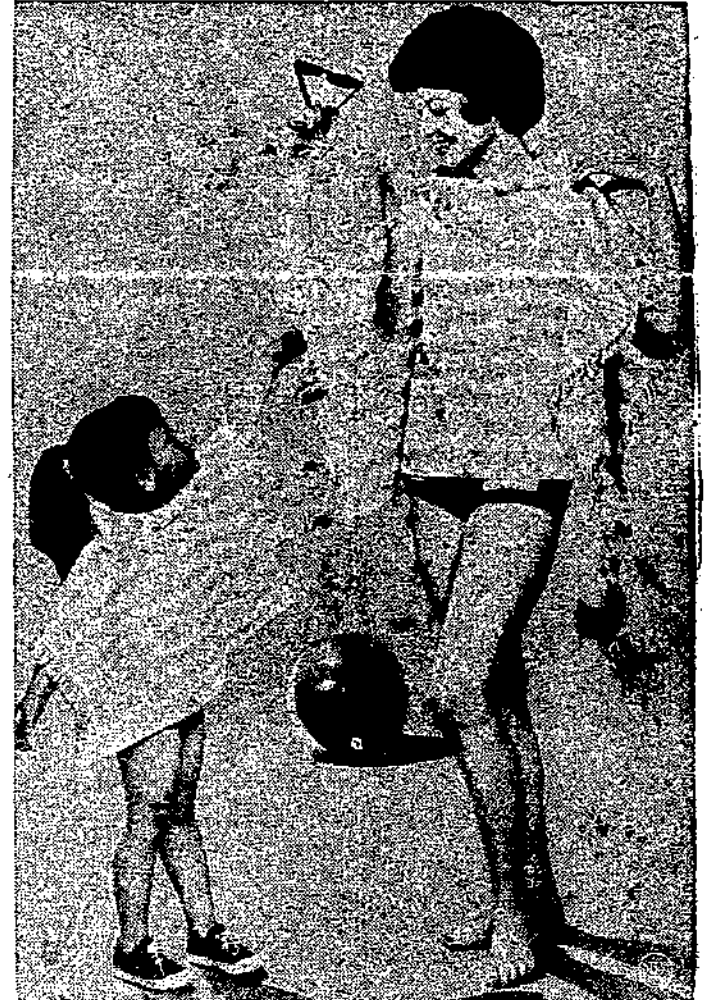

The experts at the Cannon Homemaking Institute have designed versatile turtle-neck ponchos. A poncho for an adult takes two large bath towels and one hand towel. One for a child takes two hand towels and a washcloth.

Whether you use striped or solid towels, lay the two in front of you one over the other, horizontally.

For medium heavy material, use a heavy duty mercerized 40 to 60 cotton thread. Local sewing center teachers recommend a size 16 needle for the machine and a size 10 machine stitch setting for straight sewing.

To make, stitch the towels together at shoulders, leaving about a 12-inch opening for the head. To make the collar, cut strips six inches from fringed ends of a hand towel. Seam these strips to make a 22-inch length. Stitch cut edge to neck opening. Fold over to form a turtle neck with fringe at bottom of collar.

Follow the same procedure to make the child's turtle-neck poncho using hand towels and washcloth.

Fringed turtle-neck ponchos, quickly made from towels, are added to vacation wardrobes of both mother and daughter.

If you would like to decorate the poncho, use the left over pocket. Hem the pocket and top tuckling after the collar has and stitch into position.

BRIEF ENCOUNTER—The busy worlds of the two principal candidates for the 1960 presidential nomination touch for a moment in Chicago. Sen. John F. Kennedy (D-Mass.), Democratic hopeful, and Vice President Nixon, GOP front-runner, pause for a chat in between planes. Minutes later, Kennedy took off for Seattle and Nixon flew on to Denver.

Pennsylvania Wool Has Opportunity To Vote in Sept.

Chairman Earl L. Groff of the Pennsylvania Agricultural Stabilization and Conservation Committee announced today that sheep producers will have the opportunity to vote in September in a nation-wide referendum on the question of continuing to finance a market development program for wool and lambs.

The program of advertising, promotion, and related activities is carried out under an agreement with the American Sheep Producers Council. It is financed by deductions from wool incentive payments earned by growers under the national wool program.

The agreement has been in effect since the 1955 marketing year and, if approved by the September referendum, will be continued for another 3 years. Approval requires the favorable vote of producers having two-thirds of the volume of production represented in the referendum.

The new agreement, Mr. Groff said, would provide that deductions may not exceed the rates of 1 cent per pound for short wool and 5 cents per hundred-weight for lambs that have been in effect under the original agreement.

The referendum will extend over the entire month of September to make it as easy as possible for all growers to participate, Mr. Groff said. Ballots will be mailed to producers from the county Agricultural Stabilization and Conservation office before September 1 and may be voted and returned through September 30.

The referendum relates only to the wool and lamb market development program. It will not affect the continuation of the payment program under the three-year extension of the wool act last summer.

Wrightsville

Announcement has been received of the marriage of Mary Louise Johnson, daughter of the Rev. and Mrs. Edgar Johnson, former pastor of Wrightsville Community church and now in Hot Springs, Ark. She became the bride of: Gerold B. Fitch on July 11 in Hot Springs.

Recent guests of Mr. and Mrs. John Thompson were Mr. and Mrs. Paul Getts and daughters, Linda and Ann, of Indiana, Pa.; Mrs. Bertha Perkins and son, Ralph, and his two children, of Erie.

Mr. and Mrs. Henry Pilling and children, who live near Stillson Hill, were recent callers of his sister, Mrs. James Durbin.

Cemetery Aid will meet at the Luther Johnson camp Thursday, August 6.

Carl Fuller, Harborside, is spending a few days with her grandmother, Mrs. Brunett Hagle.

Recent caller of Mr. and Mrs. Ernest Faust has been Mrs. Frank Solinko, of Chicago.

Mr. and Mrs. Howard Yates and family, from near Philadelphia, are visiting his father, William Yates, and called on Connie Higgins Tuesday.

LI'L ABNER By AL CAP

ALLEY OOP By T. V. HAMLIN

WE'VE GOT THE FISH—Three winners of the fishing contest held at Crescent Playground Wednesday in conjunction with annual Huck Finn and Becky Thatcher Day proudly display their catches — almost Lissa Dubinsky, left of Levittown, caught the smallest fish, two inches. In the center, James Kahle hand-captured four for the most while Danny Stimmler, left, cornered the 16-inch beauty for largest. Fish and prizes were donated by Warren Field and Stream — Timesphoto Shattuck.

Prudential Inc. Plans Big Resort In Somerset Co.

PITTSBURGH (AP)—Prudential Investments Inc. today announced plans for the construction of a million dollar-a-year resort in the Laurel Mountains in Somerset County west of Jennerstown.

The resort, to be called "Top O' The Mount," will be constructed in three phases, the first of which is scheduled to begin in the near future.

The mountain resort site is to include a minimum of 100 motel units, a year-around swimming pool, health center, art and music centers and complete facilities for both winter and summer sports. Auxiliary recreation attractions include nearby lakes, golf courses, ski slopes and hunting and fishing facilities.

A Prudential spokesman said that the first phase is expected to open for use by June 1, 1960. The first phase will cost approximately \$500,000.

The site of the proposed resort is about two miles east of the Laurel Ski Slopes.

Another Clue to Fate Of Missing Airmen

WIESBADEN, Germany (AP)—Five days of search in the wastes of Libya have produced another clue to the fate of nine U.S. airmen missing from a World War II bomber.

U. S. Air Force European headquarters said today that another piece of parachute has been found. It was picked up in the area where an earlier search last month discovered a trail of markers apparently left by the airmen in a trek to death in the North African desert.

The Army mortuary search team messaged that up to Tuesday no trace of the airmen's remains had been found.

STORY UNFOLDS—From the pages of Huckleberry Finn and Becky Thatcher chapter comes the children book characters. Winner of the contest held for playground kids at Crescent play area yesterday was "Becky Thatcher" Becky Potter, daughter of Mr. and Mrs. David Potter, 124 Beaty street; Huck Finn was Rodger Madigan of Stoneham.—Timesphoto Shattuck.

McKay Eyes Provide New Sightings for Two

PORTLAND, Ore. (AP)—Former Secretary of the Interior Douglas McKay, who died Wednesday at Salem, Ore., will have his eyes to an eye bank here.

They provided new sight for two persons Wednesday night. Shortly after his death in a Salem hospital, a physician removed the eyes of the former Oregon governor.

Then the eyes were rushed to the Good Samaritan Hospital eye bank here and examined. Later the corneas were trans-

planted, one to each of two persons.

Each of those recipients previously had a bad eye, said Frank Walter, the hospital's administrator.

No breed of cattle is native to the Western Hemisphere, according to the Encyclopedia Britannica.

Vacation Housekeeping Is Fun in Travel Trailer

BY KAY SHERWOOD
NEA Staff Writer

Vacation housekeeping offers amusement and rewards of its own if you don't fret about the conveniences you left at home.

Vacations and the homemaker tending to her family's needs in all types of accommodations from the old summer cottage by the lake to the new, rented travel trailer rolling along the highway to some scenic destination.

Because this type of family vacation home is enjoying a boom, I talked with one of the largest dealers in the country, Robert Crist, Chicago, who rents and sells travel trailer, and mobile homes.

The housekeeping to be done depends on the size and equipment of the trailer that's rented. Travel trailers, incidentally, are the junior-sized mobile homes and are light in weight, readily pulled by an ordinary car.

More families are renting trailers for vacation travels. Crist thinks, to help beat the high cost of room and board. Also, to have more freedom of choice in where they go and how long they stay.

The superhighways which make for easy motoring also encourage the travel-trailer vacation.

You supply the basics, including kitchen towels, blankets and such, dishes, pots and pans. If you want to travel independent of trailer parks and their electric and sanitary facilities, the self-contained trailer is advised.

For about seven to 10 dollars a day, this rented unit will sleep four to six people (how they do it is through ingenious design: dinettes become beds, canvas bunks roll out of the wall).

Bottled gas is used for cooking, water heater; the trailer will usually have a shower, toilet, and septic tank.

Nine-pound washing machine helps vacation clothes come clean. Fits in tub or pail.

Space is limited, so multipurpose or folding equipment is useful. Folding table and chairs for outdoor eating and lounging are valuable to have along. Nested aluminum or steel utensils such as campers use are space conserving and unbreakable.

In any vacation housekeeping plan, it pays to think ahead to what you'll do about laundry. Will there be self-service laundries available? Will you have to do most of it by hand?

Vacation housekeeping is fun for this homemaker, whose home is a rented travel-trailer. Folding chairs and table turn any site into a dining room. Bottled gas is used for cooking.

If so, you might want to tuck in a washboard and a can of concentrated liquid detergent as insurance against not being able to buy it later and having then to use bar soap.

Meeting with favor among vacationers is a small, nine-pound washing machine which fits into a tub or pail and washes a four-pound load in about 10 minutes. This does require electricity, however.

The absence of hot water, or enough of it, is a familiar beef among homemakers in remote vacation paradises. A new, electric, faucet-water heater claims to help end the complaint. The heater, which fits on a faucet and is plugged into an AC outlet, goes into action, makers say, on five pounds of pressure. Regulating the flow with the faucet handle determines the temperature of water—slow flow, very hot; fast flow, warm water.

It's portable and can be readily put on or taken off the faucet without special tools or skills.

Fugitive Sought For Slaying Held At Marion, Ohio

MARION, Ohio (AP)—A 27-year-old former convict, who earlier in Jeannette, Pa., terrorized his former wife and her family for five hours and then fatally shot her father, was arrested Wednesday night west of here after he was involved in a hit-skip accident.

Police here are holding Patrick Geiger of near Irwin, Pa., on charges of leaving a scene of an accident, driving while intoxicated, violation of parole and driving a car with expired license plates.

They said Geiger, who shot Joseph Peters, 56, while he was sleeping, struck the rear of a car at the intersection of U.S. 30a and Ohio 37. Geiger did not stop, but Ohio highway patrolmen radioed ahead and Kenton County sheriff's deputies halted the man near Kenton.

No one was injured in the crash.

WELDER DROWNS
CALIFORNIA, Pa. (AP)—Guy E. Powell, 36, an unemployed welder, drowned Wednesday in the Monongahela River at the foot of the wharf on Union St. His body was recovered in 15 minutes. Powell had been wading in the water.

BIKE-NAPPER!
MIAMI, Fla. (AP)—A young man riding an old bicycle robbed a bicycle repair shop of \$50 Wednesday. He made his getaway on a new \$48 bike, police said.

First chartered city in America was the town of York, Maine, founded in 1614 by Sir Ferdinando Gorges.

Patterson Should Be Made To Qualify for Rematch

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK (NEA)—With all the flappodoodle about the rematch between Ingemar Johansson and Floyd Patterson that's supposed to come off this fall, one very important point has been overlooked. Patterson should be made to qualify for a return shot at the heavyweight crown he allowed to tarnish in his possession. Even Johansson says that Patterson was so easy that he had no opportunity to show anything more than his right hand punch.

SO, WHY SHOULD PROMOTER Bill Rosenzohn and the boxing commissions expect the public to support a second edition so obviously uncalled for? Before Patterson is given another crack at the title, he should be forced to either prove or further disprove himself by climbing into the ring with someone American fans know can fight a little bit.

Sonny Liston would be perfect, but you can just picture Cus D'Amato, the mockup Mussolini who denied Patterson a chance to develop, high-tailing it for the woods at the mere mention of that horrid name. Zora Folley or Eddie Machen would give some kind of a line on Patterson, a hurt and confused young man since Johansson tagged him.

EVEN THE GREAT Jack Dempsey was required to demonstrate his fitness before being given another shot at the championship he blew in Philadelphia before a record crowd of 120,000 who paid slightly less than 2 million dollars to see Gene Tunney outspare the Manassa Man Mauler in a cloudburst.

The following July, Dempsey was tossed in with Jack Sharkey, the most formidable around, the winner to get Tunney.

Old-timers will recall Dempsey teasing off on Sharkey when the Carrulous Gob turned his head to protest a low blow to the referee. The fact remains that Dempsey earned the Battle of the Long Count with Tunney, which drew an all-time record gate of more than 2½ million dollars in Chicago.

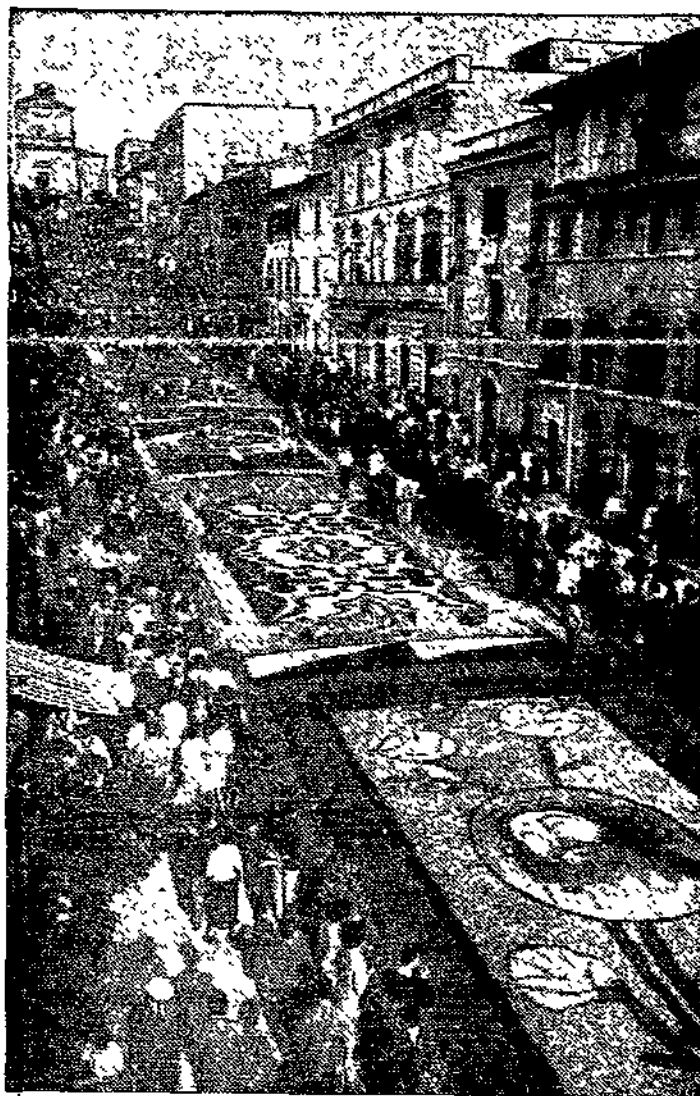

If a stickup champion like Dempsey had to prove himself, why not Patterson, who never has shown anything?

MAX BAER KNOCKED OUT Primo Carnera, Jim Braddock outgalled Baer and Joe Louis flattened Braddock without arousing any public clamor or promotion rush to set up return engagements. And the losers all looked better than did Flailing Floyd the night the nonchalant Norseman casually rammed a right hand punch down his throat to expose him as a fighter who didn't know the first thing about taking care of himself under heavy fire.

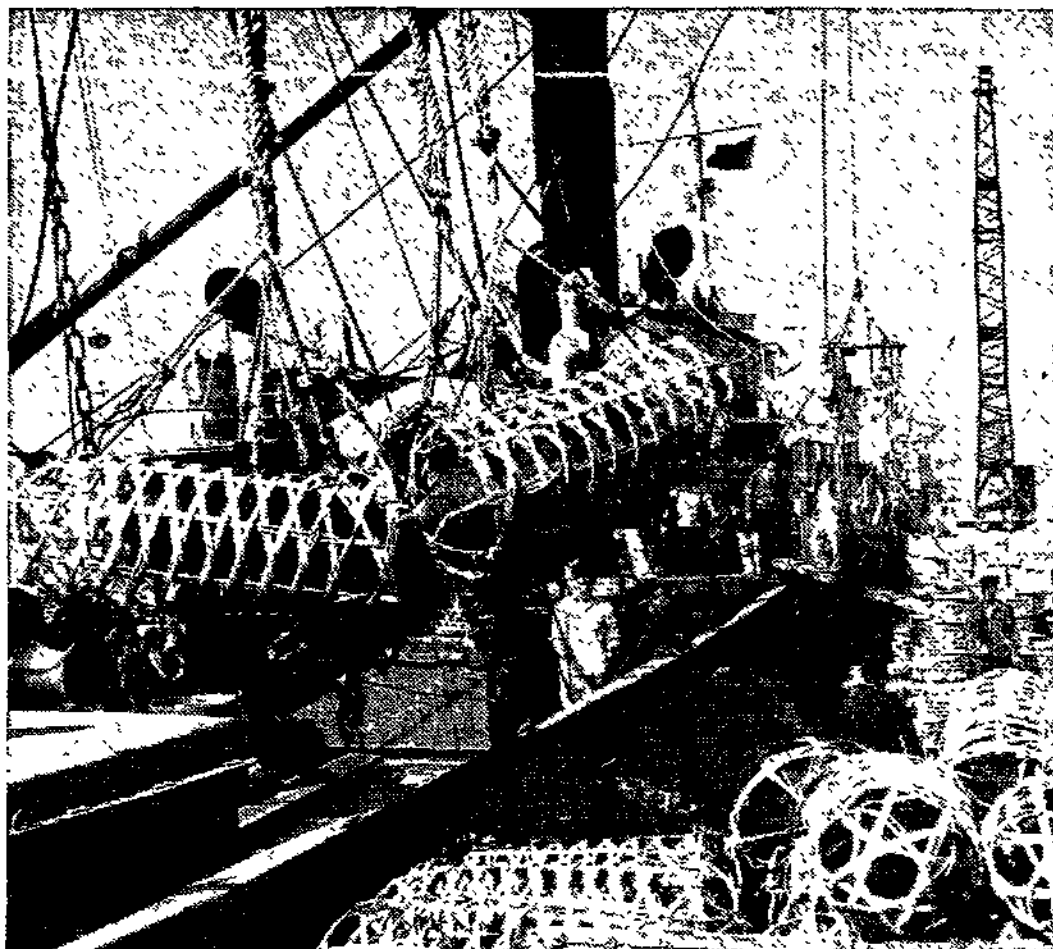

Then, too, Baer and Braddock, at least, had reached the top by tackling the stiffest opposition available, not a nondescript collection of Peter Poppers such as was handpicked for Patterson.

PICTURE NEWS

AROUND THE WORLD

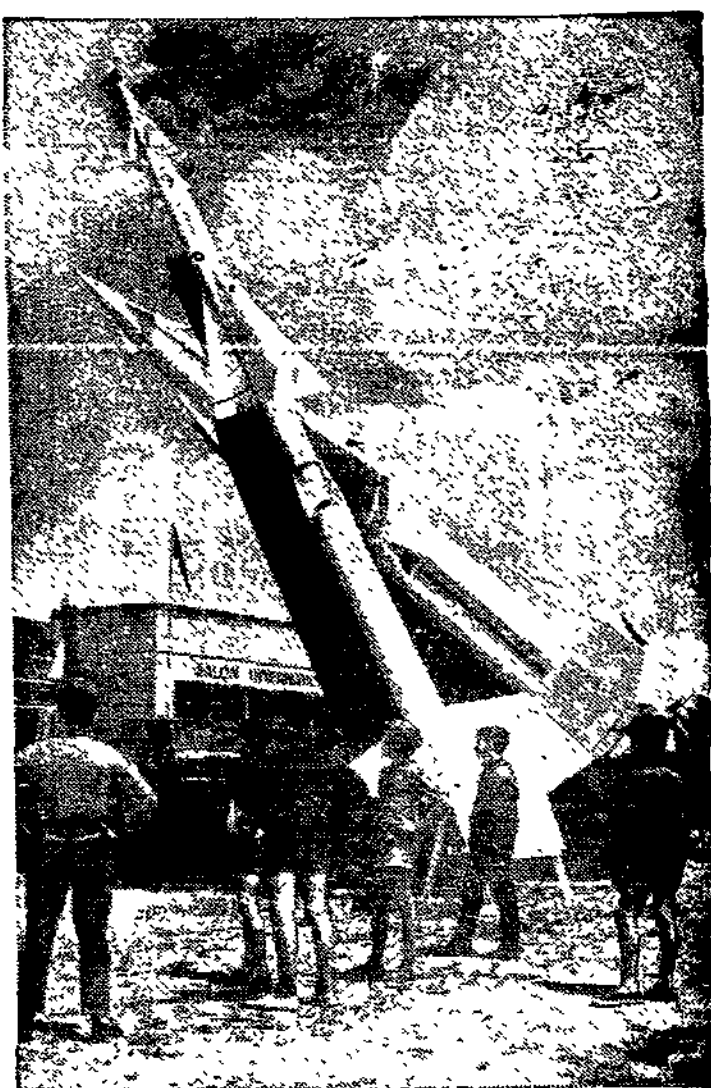

STREET OF FLOWERS—As it spreads spectacularly across the cobblestone streets of Genzano, Italy, a carpet of flowers has unrolled in floral splendor. Millions of petals were used to make these flower mosaics for an annual celebration that is climaxed by a religious procession over them.

BOUND FOR HONG KONG—Live pigs, each in a woven basket, are being loaded aboard a ship at Keelung, Formosa, free China's largest port. They're part of a shipment of more than 1,000, and were fattened on special feed containing sugar yeast.

CROWNING GLORY—A high crown is the glory of this straw bonnet, which rises above the head for daytime chic. This version of the high-crowned cloche, dimpled for the soft look, is done in a curry-colored balbunt. A matching broad grosgrain band with tailored bow sits atop the narrow brim.

MISSILE MIGHT—Some youngsters at the Le Bourget Airport in Paris, France, are gazing at the U.S. rocket display at an Air Show. The display coincided with the 50th anniversary of the first flight across the English Channel by French aviation pioneer Louis Bleriot. President Charles de Gaulle visited the show to see the U.S. missiles.

THEY GO TOGETHER—A guy and his gal can take their summer fun in costumes done in an identical cotton print. His outfit features a short-sleeved print shirt with matching belt and dark blue Jamaica shorts. The feminine version uses the print for Jamaica shorts and the trim for a sleeveless white cotton blouse. The outfits were made for each other.

FLORIDA STYLE—Pretty Pat McLaughlin seems to be temporarily "stumped" at Silver Springs. She's doing what she can to promote nature, and nature lovers will recognize those pointy things beside her as cypress knees rising from the tree roots.

TEMPTATION—A baby rabbit in Hickory Flat, Miss., is being offered a baby carrot by tiny Melba Ormon and Ronnie Thompson, who aren't much out of the baby class, themselves. Sleepy-eyed animal is too full of other food to be interested.

AMONG THOSE PRESENT—Ever glamorous Joan Crawford left her own set in Hollywood to attend a Luau party on the 20th Century-Fox lot where she is working. Actor Richard Egan, who's starring in "A Summer Place" at the same studio, was another guest. He's also filming a new TV series there.

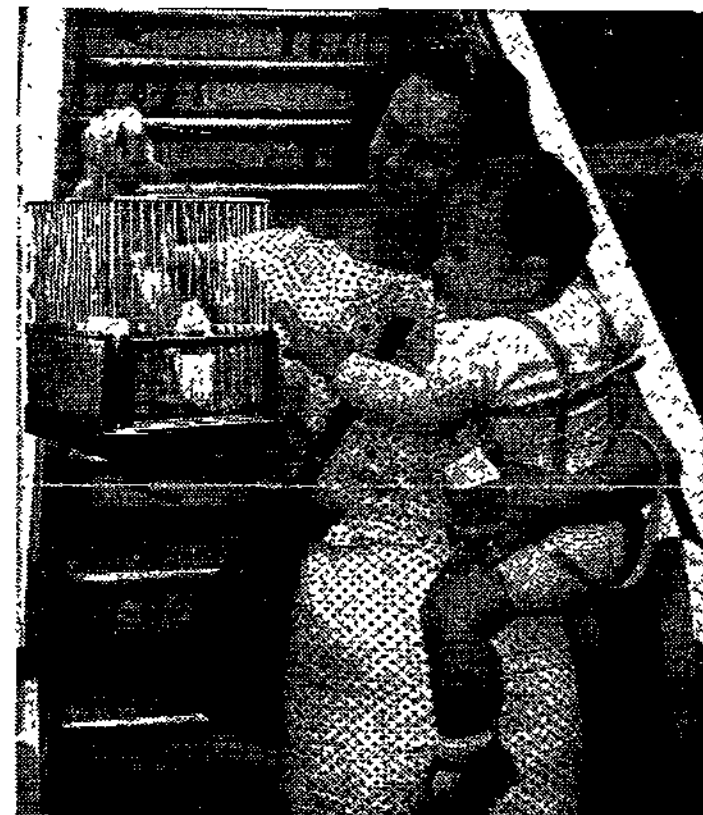

IN SILHOUETTE—Slender beaks and handles of graceful pottery cut a sharp pattern against the blurred figures in the background at Gubbio, Italy. The city is noted for this special variety of ceramic ware which is made by a system used by the ancient Etruscans.

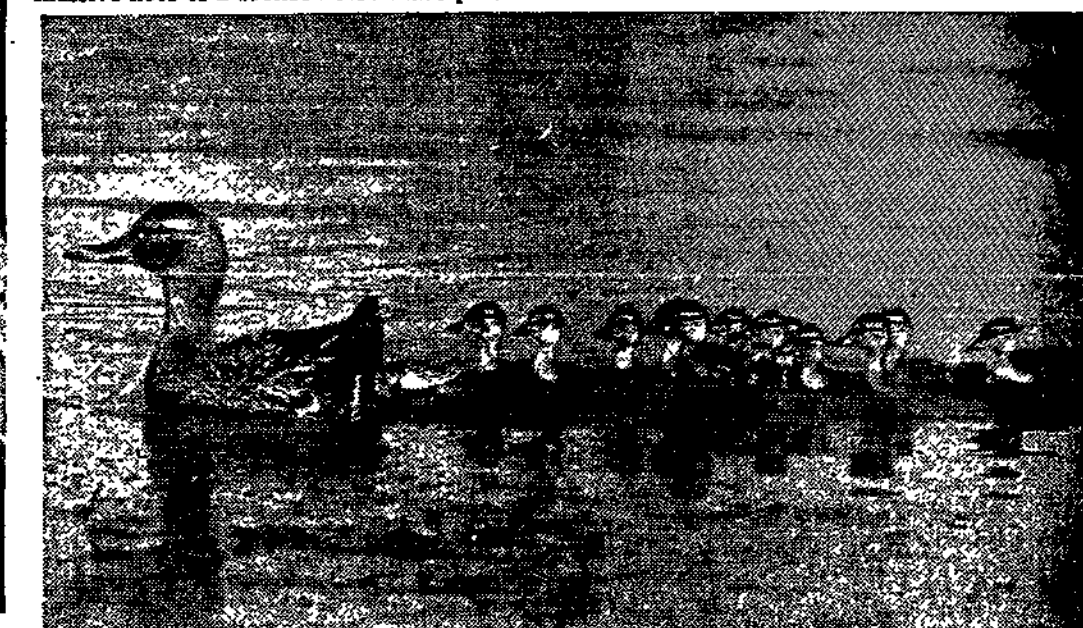

KEEPING WATCH—During a parade in Rome, Italy, these lads found a lofty vantage point from which to view it. They're perched atop a monument overlooking the city. At right is a massive hoof of a bronze horse that's part of a statue.

HITTING A NEW LOW—A young woman near Gostar, West Germany, was hoping for a swim, but she's found a pitiful little pond where the water is usually over her head. A month-long drought has almost dried up the massive Oker Reservoir near here. Created four years ago through erection of a dam, reservoir swallowed up entire area which is usually under water.

SEASONED TRAVELER—When Jabbo, a parakeet, arrived in London, England, from New York with his owner, Mrs. Patricia Schuck and her infant son, Stephen, it was the bird's second crossing of Atlantic by Comet jet. Mrs. Schuck, who lives in Greenville, Miss., was in England to visit her mother.

CHEEPERS BY THE DOZEN—As a proud mother duck guides her brood in convoy at Epsom, Surrey, England, a dozen eggs have produced 12 tiny ducklings. Other mothers may get excited about triplets, or quadruplets, but this mother is quite calm about her duodecimuplets.

Red Hot Phillies Complete Sweep Of Pirate Series

PITTSBURGH (AP) — Don't try telling the Pittsburgh Pirates that Philadelphia is a weak sister of the National League. The red-hot Phillies looked like anything but a last-place club Wednesday night as they routed the Pirates 11-4, completing a sweep of their two-game series. Philadelphia batters pounded four Pirate pitchers for 19 hits, the most given up by Pittsburgh this season. The Phillies sewed up the contest early, collecting seven runs in the first four innings. Ed Bouchee's 11th homer of the season accounted for two tallies in the fourth. Also sparking the Philadelphia attack were Richie Ashburn with a double and three singles, Joe Lonnett with a double and two singles, Dave Philley with a double and two singles and pitcher Gene Conley with three singles. Conley went all the way, picking up his eighth victory against six losses. Ron Kline started for the Pirates and lasted 1-3 innings, giving up six hits and four runs. He was followed by Bennie Daniels, Don Gross and Bob Porterfield. Kline's record now is 7-9. Pittsburgh scored two runs in the third on throwing errors by shortstop Joe Koppe and third baseman Gene Freese, and singles by Daniels, Roberto Clemente and Bob Skinner. The Pirates added another pair in the ninth on singles by Don Hoak and Dick Stuart, a wild throw to first by Conley and a passed ball by Lonnett. Pittsburgh was idle today, opens a long Western trip at Milwaukee Friday night. The Phillies also were idle today.

Yanks Knock Indians Out Of Third Place Third Time

By ED WILKS
Associated Press Sports Writer
You can say what you want about that American League pennant race, but as far as the Cleveland Indians are concerned, the New York Yankees still are the team to beat. The still struggling champs, down 4-0 after five innings, knocked the Indians out of first place for the third time this season and the second time in a week with an 8-5 victory at Cleveland Wednesday night. That plunked the Indians a full game behind the Chicago White Sox, who climbed back on top with a 5-4 decision over Boston. Detroit regained fifth place from Washington by beating the Senators 6-2. Kansas City edged within half a game of the sixth-place Nats with a 6-3 victory over Baltimore's third-place Orioles. The Yankees have won 9 of 16 games with the Indians this season and four of the last five. They're now within a game of third place.

Record Field Tees Off in Publinx State Tourney

HERSHEY, Pa. (AP) — Paul Garrison of Hershey, the defending champion, was rated the man to beat today as a record field of 150 amateur golfers teed off in the 24th annual State Publinx Tournament. Garrison will be shooting for his fourth title in the three-day event which is sponsored by the Pennsylvania Public Golfer's Assn. His competition will include two former titleholders — his older brother, Art, who won in 1956, and Gordon Goodson, of Harrisburg, the 1955 champion. The field will play 18 holes today and Friday with the low 30 scores qualifying for the 36-hole finals Saturday. The medalist will be determined at the end of the first 36 holes as will the team championship. Bethlehem Municipal is the defending team champion.

Measure Would Abolish Curfew On Pro Baseball

HARRISBURG (AP)—Pennsylvania's Legislature has given final approval to a bill that would virtually abolish state's Sunday curfew on professional baseball games. The bill says that Sunday games started before 5 p. m. EST may be completed, regardless of how long it takes. Under present law the games must be halted at 6 p. m. EST. Gov. David L. Lawrence, a baseball fan, was expected to sign the bill next week. The House passed it Wednesday, 172-12. The Senate gave its approval earlier. The curfew, an outgrowth of the Commonwealth's 18th Century Blue Laws, has complicated many Sunday doubleheaders of the Philadelphia Phillies and Pittsburgh Pirates. Often the teams have waited a month or more to complete one or two innings of a suspended game. The bill also would affect Class A Eastern League teams in Reading, Lancaster, York, Allentown and Williamsport, and Erie of the New York-Pennsylvania League.

BUFFALO RACEWAY

Trotters will have only 2 opportunities for winning purse money on Buffalo Raceway program tonight but tomorrow the free-for-all crowd on diagonal gait will return for the fourth leg of their \$30,000 series. Two divisions of Class B pacers will share feature billing in 7th and 9th races tonight, each a \$1200 mile. Tonight's final is a Class C Pace. Post time for first race is 8:30.

INVITATIONAL ARCHERY SHOOT
Youngsville Archery Club is holding an invitational shoot at their range on York Hill August 2. All area bow and arrowers are extended a welcome. Registration will be held from 9 to 11 a. m. A field of 28, there will be 14 hunters and 14 big game. Refreshments will be available.

Slippery Rock Coach
Charles Godlasky, a tackle on Penn State's 1949 and 1950 football teams, is the newly-appointed head football coach and assistant to the dean of men at Slippery Rock State Teachers College.

Avila Helps To Put an End To Losing Streak of Braves

By ED WILKS
Associated Press Sports Writer
Bobby Avila, the American League transient, has found a home with the Milwaukee Braves. At 33, the little infielder found himself shuffled off to Baltimore by Cleveland last winter. The Orioles used him here and there, even in the outfield, then packed him off to Boston. Then, after the better part of 11 seasons in the AL, he was peddled to the Braves Tuesday. At the moment, the only question about that deal in Milwaukee minds is why they didn't make it sooner. It was Avila who finally put an end to the Braves' losing string at seven Wednesday night with his first National League hit — a two-run homer in the ninth that beat Cincinnati 5-4. The home run hoisted the Braves back into third place, 3½ games behind the San Francisco Giants, who beat St. Louis 6-1.

Second-place Los Angeles slipped 1½ games back in a 7-2 pasting by the Chicago Cubs. Last-place Philadelphia skidded Pittsburgh to fourth 11-4. The Braves may have lost third baseman Eddie Mathews, the NL home run leader with 29, however, while finding that long-sought second baseman in Avila. Mathews drove in a run with a single, but had to leave the game because of a bruised hip after crashing the fence in pursuit of a foul pop. Young Mike McCormick (9-7) won his fifth in a row and ended the Giants' slump at three with a six-hitter against St. Louis. He

Antiquated Fish Code Revamped in New Fishing Code

HARRISBURG (AP)—A complete revamping of Pennsylvania's antiquated fish code passed the House Wednesday.

The recodification, the first one in history, is designed to eliminate inconsistencies, contradictions and vagueness which mar the present code through years of amendment, its sponsors said.

The bill was approved 186-2 and sent to the Senate for further action.

Major provisions of the re-codification would:

- Allow aliens to buy fishing licenses for the first time.
- Eliminate the fishing license button, at a considerable cash saving to the Fish Commission.
- Extend the jurisdiction of the commission in prosecuting polluters of streams. Present law limits the commission to prosecution of violators where damages exceed \$100. The new limit would be \$1,000.
- Open the trout season on April 12 if it falls on a Saturday, or the first Saturday after that date. The present opening date is April 15.
- Make the definitions of fish scientific and uniform throughout.

All-Stars Training for Game with Colts Aug. 14

EVANSTON, Ill. (AP) — The college all star football squad of 52 players today opened training at Northwestern University for its game with the Baltimore Colts, National Football League champions, Aug. 14, in Soldier Field.

Head Coach Otto Graham and his five assistants will not start actual practices until Friday morning, after equipment has been issued and physical examination given.

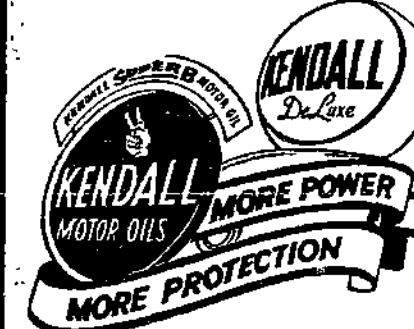

Four additions have been made to the all star roster announced last month. The new players are Dave Sherer, Southern Methodist end and punter; end Rich Kreitling, Illinois; and tackles Harry Jacobs of Bradley and Ron Luciano, Syracuse.

Green Has First Start with The Boston Red Sox

By CHARLES CHAMBERLAIN
CHICAGO (AP)—"I was scared stiff. I was nervous and shaky. But I think I'll settle down and feel good now."

That is the reaction of second baseman Jerry Pumpsie Green who Wednesday started his first major league baseball game for the Boston Red Sox.

Green, 24-year-old import from Minneapolis, replaced the ailing Pete Runnels as a starter after appearing in his first Boston game as a pinchrunner Tuesday night.

He is the Red Sox first Negro player, and was the center of a controversy when Boston shipped him to Minneapolis just before the season started. He was called up from Minneapolis Tuesday.

In his first start Wednesday, Green grounded out twice, lofted to center field and walked, stealing second, in four appearances. He performed well at field, handling three chances flawlessly.

Master Juggler Considers More Yankee Changes

CLEVELAND, Ohio (AP) — Casey Stengel, the New York Yankees' master juggler, is considering some more moves. If he makes them, they are sure to raise eyebrows.

Several key players are crippled by injuries and the Yanks still are in fourth place, 6½ games behind the league-leading Chicago White Sox. Before Wednesday night's 8-5 victory that toppled the Cleveland Indians from first place, Stengel called a clubhouse meeting.

He told newsmen not to be surprised if center fielder Mickey Mantle shows up at shortstop and catcher Yogi Berra at second base.

"Might have to use 'em there," Stengel said. "Way things have been going, I might have to use anybody any place."

"Mantle played shortstop his first two years in pro ball and Berra played about 20 games at second base his first year," Stengel continued. "It's not in the records, but I know he did."

"You saw that pitcher Don Larsen hit. I've been thinking about him in the outfield. And that fella (John) Blanchard says he'd rather play first base than catch."

"I can even use (pitcher Bobby) Shantz in the infield. He's like a cat and he can probably play the infield better left-handed than some of them right-handers do."

Training at Penn

Lt. Karl Schwenzfeier, former Penn State gymnastics captain, presently assigned to Plattsburg Air Force Base, N. Y., has been placed on temporary duty at Penn State in order to train for next month's Pan-American Games in Chicago.

Schwenzfeier was Eastern, National and AAU all-around champion in 1955, and was a member of U. S. 1956 Olympic team.

Sugar Grove Women Bowlers Will Meet

SUGAR GROVE — An open meeting for women bowlers of this area, interested in bowling at the new eight-lane Sugar Bowl Lanes to be opened here September 1, will be held at 8:00 p. m. Tuesday, July 23 in the fire hall.

Officials of the Bowling Association will be present to provide information and all women interested in playing or forming a league are asked to be on hand. Those unable to attend the meeting but wishing information may contact Mrs. Perry Wilcox, Sugar Grove, and anyone interested in sponsoring a league may contact her, also.

Mr. and Mrs. Clifford Storms and daughter, Susan, and Walter Storms recently attended the Bozard reunion at Allegany State Park.

Mr. and Mrs. W. C. Barlow, Mr. and Mrs. Gerald Miller are spending a week in the Thousand Islands region.

Mr. and Mrs. Orvis Wertz, Williamsport, were Saturday guests of Mr. and Mrs. Ralph Abbott.

Mr. and Mrs. Everett Sims, Erie, were Sunday guests of Mr. and Mrs. John Ramsey.

Mrs. Arthur Cody and Mrs. Ralph Abbott are guests of the latter's daughter, Mrs. Bob Johnson, in Erie.

Giants Maintain Game and a Half Hold on Top Rung

By JACK STEVENSON
Associated Press Sports Writer
SAN FRANCISCO (AP) — The San Francisco Giants today maintained their game and one-half hold on the top rung in the National League thanks to a trio of youngsters who broke them out of a slump.

Left-hander Mike McCormick, just 20 although in his fourth major league campaign, put the St. Louis Cardinals down with six hits Wednesday night for a 6-1 victory.

Third baseman Jimmy Davenport, in his second season with the Giants, knocked in two of the runs and scored two.

Left fielder Jackie Brandt, in his first full season since returning from military service, collected two hits and scored two runs.

It has been estimated that the human body contains about 26,500,000,000,000 cells.

★ GRAYSON'S SCOREBOARD ★

Seasick and Scared, She Swims Channel

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK (NEA)—Greta Andersen, world's greatest woman distance swimmer, admits she is afraid of water.

Miss Andersen does everything she shouldn't be able to do. She gets seasick in the choppy brine separating France and England. So, of course, she won the English Channel Race twice.

Miss Andersen, a native of Denmark now residing in Long Beach, Calif., had a morbid fear of the deadly killers that infest ocean waters. So, it was only logical that she became the first person to swim the 21 miles to Catalina Island and back—at a time when there were shark scares along the California coast.

Aside from sharks and moray eels, Greta encounters all sorts of weird things in the water. Once her course lay directly over a sewer outlet. She reached it just after a resort hotel had dumped a load of spoiled tomato juice. "I came out looking like a Bloody Mary," she beamed, after a workout at the Surf and Spray Club on New York's west side.

NO ONE EVER MADE a round trip swim across the English Channel, so one naturally expects to find Greta getting ready to undertake it on Aug. 27. Only four of 30 starters finished the English Channel Race a year ago as Miss Andersen, who in 1957 became the first woman to beat the men, repeated and established a new women's record of 10 hours, 59 minutes.

Miss Andersen flew to Denmark to train in the cold waters of her native land.

"After Copenhagen, the Channel feels like the Mediterranean in mid-summer," she said.

Miss Andersen, burxon 30-year-old who won the 100-meter free style gold medal and a silver medal in the 400-meter relay in the Olympic Games of 1948, is Mrs. John Sonnichsen in private life. Greta's husband, a swimming instructor and former football player now coaching at San Pedro, Calif., High, masterminds her swims. He keeps in touch with her while she is in action by flashing signs from the pilot boat.

"He writes such morale builders as 'If you don't win, we'll have to walk home,'" she laughed.

Discussing the wear and tear of her numerous long grinds, Miss Andersen explained that she got her second wind after about two hours and just got tired for a while after about 12. "Sometimes I almost go sound asleep in the water," she said.

WHEN HIS MISSUS STARTS to falter, Sonnichsen hands her a preparation containing caffeine. Early in the route she is fed a foot supplement and weak tea with honey every two hours. As she begins to tire, she is fed every hour and a half.

Greta believes her seasickness in the Channel comes from seeing the pilot boat, the only guide she has, bob up and down. Tea helps most of the time, but in extreme cases she is fed dramamine. Like the others, she accepts seasickness as another occupational hazard.

Miss Andersen, the daughter of a tumbling champion and sister of a champion bicycle racer, didn't swim a stroke until she was 15.

"I was afraid of the water," she explained.

Why do women go in for marathon swims? It's good for them and Miss Andersen averages \$30,000 a year in prize money and endorsements.

As an encore to the two-way Channel attempt, Greta Andersen plans to swim around Manhattan Island in the fall.

That's one way to go sight-seeing.

Ageless Wonder Finishes Gallant 3rd at Inglewood

INGLEWOOD, Calif. (AP)—As the official chart caller saw it, Alfred G. Vanderbilt's ageless wonder, Find, "responded when called upon and held on gamely."

It was the \$109,800 Sunset Handicap as Hollywood Park closed its summer season Wednesday, and Find finished a gallant third to a pair of 4-year-old youngsters, Whodunit and Day Court.

Find looked for a moment as if he would win the rich \$68,700 pot in the male and five-eighths feature.

The Sunset was trip No. 77 to the post for the venerable son of another great Vanderbilt horse, Discovery.

Machen Demands Title Bout After Stopping Vargas

PORTLAND, Ore. (AP)—Heavyweight Eddie Machen, once the No. 1 challenger, neatly stopped Reuben Vargas here Wednesday night and then said he wants to fight champion Ingemar Johansson again.

Both Machen and his manager, Sid Flaherty, said he has regained the fighting form he had prior to being knocked out in the first round by Johansson last Sept. 14.

Prior to that bout, Machen was the top contender for then champion Floyd Patterson's crown. After knocking out Machen, Johansson went on to lift Patterson's title.

The fight here Wednesday night was the second meeting between Machen, who now makes his home in Portland, and Vargas, who fights out of the San Francisco area.

Last May 20 at San Francisco, Machen won a unanimous decision.

Vargas had no defense for Machen's jolting left jabs and powerful right Wednesday night and he seemed ready to go down in the third round.

But it wasn't until the sixth, that Machen moved into finish Vargas. Less than a minute had elapsed in that round when Machen threw a left that sent Vargas into the ropes and then dropped Vargas with a right.

Vargas lurched to his feet at the count of nine, blood running from his mouth. Vargas tried to clinch, but Machen knocked him into the ropes and belted him repeatedly until Referee Ralph Grummen stopped the bout.

Machen now has a 28-1-1 record. Vargas is 18-8.

The bout, televised nationally ABC drew a slim crowd of 1,418.

MT. PROSPECT OPENS MOUNT PROSPECT, Ill. (AP)—A gold of 33 women golf pros lined up today for their biggest gold rush.

They teed off on the first lap of the 72-hole \$20,000 Mount Prospect Open. The winning bonanza of \$6,500 in the richest prize ever offered the dis-staff side of the tournament circuit.

SMITH'S HOME & GARDEN CENTER

East of the Glade Bridge

Frewsburg

(From Page One)
side. It came to a rest on its top.
Death rate on county highways is running slightly higher than 1958. In the six fatal accidents this year seven persons have died. Last year, 8 were killed in 5 mishaps.
Figures for previous years are: 9 killed in same number of accidents in 1957; in 13 wrecks in 1956, 13 people were killed; 12 died as a result of 9 accidents in 1955; and 8 were killed in 6 mishaps in 1954.
Neighboring Chautauque County in New York has had 5 fatalities in July alone, two Warren County men being July accident victims in Chautauque. Their seven-month total to date is a bloody 25.
All three occupants were thrown clear of the wreckage. Times-Mirror was informed by early witnesses at the scene that the dead man was lying face down in mud on the right side of the highway. Wigen's head was buried in the mud on the bank, his feet across the ditch on the highway.
The Frewsburg man's death was attributed to a broken neck and multiple fractures of ribs, causing internal bleeding. Dr. J. F. Crane made an examination of the body at a local funeral home.
Injured men were removed to Jamestown by Russell ambulance crew, Theodore Fox and Charles Miller.
Amel Erickson, address unknown, discovered the accident. He went to the Duane Kittner home, RD 1 Russell, to summon aid. Redwing Inn also received word of the mishap, and word was relayed for an ambulance.
A certificate of accidental death was issued and the body of Mr. Wigen was removed to Frewsburg during the morning.

Waste

(From Page One)
committee headed by Rep. Otto Passman (D-La) in its yearly review of the aid program.
Administration officials denied some of the allegations and said corrective steps have been taken on others. In general, they pictured the continued large-scale aid sought by President Eisenhower for friendly nations as needed for American's survival in the cold war.

Mediators

(From Page One)
aluminum companies might set a wage pattern for steel. The union had asked a 15-cents-an-hour package in each year of the new contract. Aluminum wages now average \$2.91 an hour.
The steel strike started July 14 after weeks of unsuccessful negotiations during which the industry turned down demands for a 15-cents-an-hour annual package. Prestrike wages averaged \$3.10 an hour. The companies said increases would force a rise in steel prices and spur inflation. The union said steel profits are big enough to cover a wage increase.
The strike has idled about 45,500 workers in related fields such as coal, railroads, trucking, shipping and construction. The strike has cost an estimated 400 million dollars to the industry in business and to strikers in wages.

TRACTOR FATALITY
INDIANA, Pa. (AP)—A tractor overturned on a farm in nearby Creekside Wednesday, killing Norman Spence, 6, of Creekside.

TREASURY BALANCE
WASHINGTON (AP)—The cash position of the treasury July 20:

Total debt (X) \$289,372,134,069.90
Gold assets \$19,681,353,689.17
X—Includes \$416,740,172.34 debt not subject to statutory limit.

Atmosphere

(From Page One)
dence of U.S. Ambassador Llewellyn Thompson. That will be his home in Moscow.
There were about 200 Soviet and foreign newsmen present but only a small crowd of Russians at the airport itself.
As Nixon's car headed around the airport building he spotted a large group of travelers, mostly Russians, on the plaza of the administration building. He ordered the car stopped, jumped out and began shaking hands.
A small crowd then collected around the car and Nixon, beaming, shook hands with everyone. Then he got in his car and resumed the trip to the city.
It was anticipated he and President Eisenhower's brother, Dr. Milton Eisenhower, and other members of his party, would closet themselves with Thompson and his principal aides for a final briefing on Soviet affairs.
Nixon's arrival was not announced immediately either by Moscow Radio or the TV network. Both were using their facilities to cover a friendship rally for Poland then being addressed by Khrushchev in the Sports Palace.
The proclamation of this week as "Captive Nations Week" in the United States had hit a raw nerve here. Khrushchev first spoke of it at Warsaw Tuesday. Wednesday Pravda, the Communist party newspaper, issued a half-page blast against the United States.
Nixon opened his 11-day tour with a plea for friendship.
The U.S. exhibit Nixon opens Friday already had come in for a certain amount of sniping in the Soviet press. But anti-American criticism in connection with the fair took a more serious turn Wednesday when the Communist party organ Pravda let go with a new blast that peppered Nixon in passing.
Leaving Washington, Nixon told airport reporters he intended to be "friendly and frank" in his talks with Premier Nikita Khrushchev and the other Russians he meets.
"The major point we want to get across," he said, "is that we are united and we are strong and we are behind the President in the policy of peace and justice for all."

Governor

(From Page One)
trust people.
After gulping the whisky and mixer, Long ordered a glass of buttermilk and a slice of bread and chuckled: "Old Earl's a simple man."
During a press conference, he said he's "foolish enough to think I'll be re-elected governor of Louisiana, and I'll have something to do with the Louisiana delegation to the 1960 Democratic national convention."
Long also talked about two personal matters. He said in response to questions about possible impeachment: "They have the chance of a snowball in hell of impeaching me."

Democrats Gather To Name State Chairman

HARRISBURG (AP)—Democratic State Committee members came here today to select a new state chairman to succeed Sen. Joseph M. Barr who is stepping down to seek election as Pittsburgh's mayor.
The 113-member committee was reported by authoritative sources as ready to give John S. Rice, Gettysburg, the chairmanship by unanimous vote. Gov. Lawrence and Barr have expressed their support of Rice.
Barr, who held the post since 1953, says he will continue as a state senator at least until the Nov. 2 municipal election.
Rice, a retired fruit processor, was the party's unsuccessful candidate for governor in 1946. He will continue to serve as secretary of the Commonwealth.

Widespread Hunt on For Fugitive Murderer

JEANNETTE, Pa. (AP)—A widespread police hunt continued today for an ex-convict who fatally shot the father of his divorced wife and terrorized four other persons.
Police identified the slayer as Patrick Gieger, 27, of near Irwin, an unemployed auto mechanic. He was released from jail last December after serving a term for armed robbery.
He is accused of shooting Joseph Peters, a 56-year-old watchman early Wednesday. Armed with a .30 caliber rifle, Gieger died in an auto after one of his prisoners worked loose from her bonds and ran to a neighbor's house to phone police.

RECORD EARNINGS
PITTSBURGH (AP)—Three western Pennsylvania steel firms—Johns and Laughlin, Allegheny Ludlum and Crucible—Wednesday reported record earnings for the second quarter and first six months of 1959.
John Brown's body lies in a grave on the John Brown farm near Lake Placid, N.Y.

Teen-Ager Accused of Art Collection Fire

COLUMBUS, Ga. (AP)—A teen-ager is in jail charged with destroying one of the things his mother says he loves—art.
Eighteen-year-old Richard V. Smith Jr., until recently a resident of Atlanta, is charged with arson and is being held for the grand jury in lieu of \$25,000 bond. He was arrested Wednesday.
Police Chief E. S. Moncrieff said the youth confessed he burned three art collections valued at \$15,000 at the Columbus Museum of Arts and Crafts and painted swastikas on museum walls and on two Jewish synagogues here. Damage to the museum building itself was placed at another \$5,000.

How Pennsylvanians Voted on Aid Measure

WASHINGTON (AP)—Fifteen Pennsylvania Democrats and nine Republicans voted with the majority Wednesday as the House passed 257-153 and sent to the Senate a compromise \$3,556,200,000 foreign aid authorization bill.
The only Pennsylvania Democrat voting against the measure was Rep. John Dent.
Republicans voting for the bill were Reps. Alvin Bush, Robert Corbett, Willard Curtin, Paul Dague, Ivor Fenton, James Fulton, William Milliken, John La Fore and James Van Zandt.
Republicans voting against were Reps. Leo Gavin, Walter Mumma, John Saylor and Richard Simpson.
Rep. Carroll Kearns (R) was not listed as voting.

Convict-Author Has New Action Pending

SAN FRANCISCO (AP)—Convict author Caryl Chessman, sentenced to death 11 years ago, has new legal action pending.
The 38-year-old convict, sentenced on robbery, kidnapping and assault charges, asked the State Supreme Court Wednesday to reconsider a decision July 7 upholding his death sentence.
The 45-page document, as have previous Chessman petitions, said he was "wholly innocent" and contained an offer to take a lie detector test.
The rehearing petition was a routine requirement before Chessman can ask the U.S. Supreme Court to review the July 7 decision.

Woman Held for Death Of Husband by Stabbing

COATEVILLE, Pa. (AP)—Robert McQuillar, 27, was stabbed to death in his home Wednesday. His wife, Abbie, 27, is in Chester County Prison charged with murder.
Police reported today that Mrs. McQuillar told them she stabbed her husband in the chest during a family quarrel. McQuillar, a steel worker, died in Atkinson Memorial Hospital. He is survived by the widow and two children, David, 12, and Roberta, 7.
The McQuillars lived in the Brandywine Homes near Coatesville.

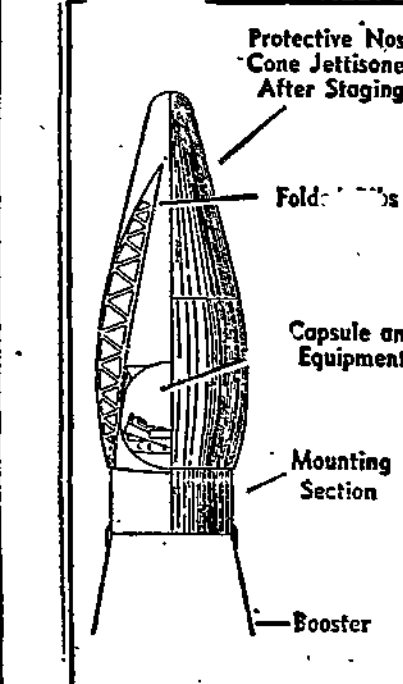

Fed. Reserve Bank Aids Fund Drive in Chicago

CHICAGO (AP)—You could listen to the crackle of \$14,600,000 cash in the Federal Reserve Bank today but your pictures of the money had to be in still life.
That was the rule for today's news conference with the \$14,600,000 in the bank vaults. The showing was a promotion for the Chicago Community Fund-Red Cross drive, which has a goal of—your guess it—\$14,600,000.
The bank decided Wednesday that still photographers and radio men were welcome, but advised TV crews not to come.
A spokesman for the fund drive explained that the wandering eye of the secret's of the bank's inner sanctum.

Workman Rescued From Cave-In Reported Fair

PITTSBURGH (AP)—Two fellow workmen and O'Hara Twp. police are credited with rescuing a 22-year-old laborer who was buried to his armpits in a ditch cave-in.
Roy Wilkins of Acme R. D. 1 was admitted to Pittsburgh Hospital Wednesday in fair condition with a broken wrist and for observation.
John Stetter, 44, of East McKeesport, and Ken Scanlon, 19, of Pleasant Hills, helped pull Wilkins out of the ditch in about five minutes. The men are employed by the Scanlon Construction Co.

FIRST IN YEARS
Pope Pius X, who reigned from 1903 to 1914, was the first pope to be beatified in 270 years and the eighth in the nearly 2,000-year-old history of the Roman Catholic Church.

SPACE UMBRELLA—A new entry in the field of manned space capsule designs is the umbrella-like vehicle depicted circling the earth in artist's drawing above. Sketch at left shows the "drag brake" satellite mounted on nose of a rocket at launching. Umbrella ribs are folded and protected by a nose cone. Pilot lies on a contoured couch in the capsule. After the satellite has remained in orbit the desired time, the

Teen-Age Boy Injures Six With a Shotgun

NEW YORK (AP)—A teen-age boy fired a shotgun into a Bronx crowd Wednesday night, wounding five children and a man. He was shot to death minutes later by an off-duty policeman.
Police said the boy, Carlos Rosario, 16, had fought the night before in Crotona Park with Tommy Lee Allen, 23, a Negro. The pair met again Wednesday night. Rosario produced a shotgun, and Allen ran.
Rosario chased Allen and fired at him in a crowd. The pellets struck Allen in the left leg and sprayed fire boys whose ages range from 7 to 11.

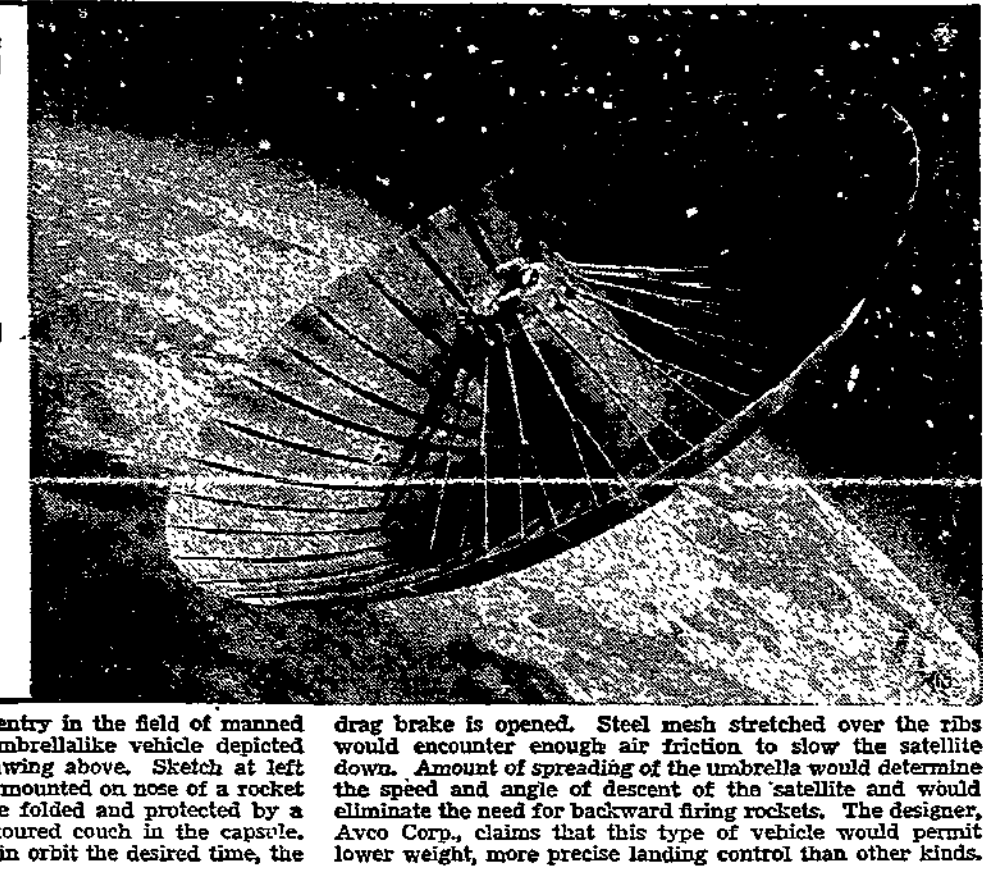

CHANGE—Iraqi Premier Abdel Kassem smiles as he waves to participants of a parade in Baghdad, marking the first anniversary of the revolt that brought him to power. Festivities were darkened by reports of bitter fighting between Communists and government troops in the north of the country.

matter of FACT

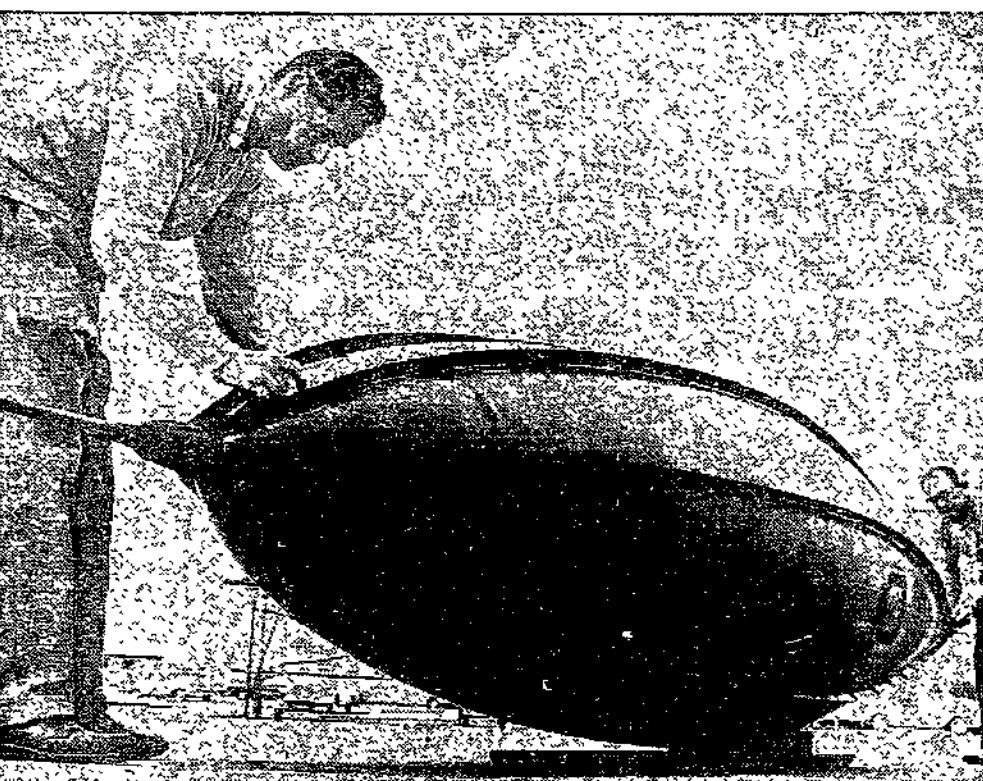

In 1823, Michael Faraday learned to change ammonia vapor to a liquid by compressing it and removing heat from it. That principle is the foundation of modern refrigeration. After Faraday's death, a Swiss inventor, Carl Linde, put those findings to practical use. His first machine, built in 1874, used sulphur dioxide for the refrigerant. In 1877, he changed to ammonia, which has made possible refrigeration and large-scale ice-making.

ON THE JOB
...for you

THIRTY MILLIONS IN JUNK—Burned computing equipment, valued at 30 million dollars, is strewn across the Kenilworth dump in Washington, D.C. The complex electronic brains, which did classified work for the Air Force, were destroyed when faulty electric circuits started a fire in a top-secret underground area of the Pentagon. The streamers are the rolls of paper on which the machines used to jot their secret thoughts.

FOR GAS, NOT ELECTRICITY—This is a wing-tip lightning-proof fuel tank for Air Force patrol planes. The tank is covered with a special rubber blanket developed by Goodrich. Pole on the end acts as a lightning rod. Lockheed makes the tanks at Burbank, Calif.

SPACE CAKE—Here's some batter that will "rise" farther than any cake ever dreamed of. The mixture, being poured by a technician in a GE plant in Philadelphia, will become a foam plastic capsule. Containing information-gathering instruments, it will ride an Atlas or Thor missile well above the earth's atmosphere. When the missile's nose cone comes back down to the sea, the light capsule is ejected and floats till its recovery. The recipe: pour 100 parts of liquid resin into 6 1/2 parts of liquid catalyst. Let set for three hours at room temperature.

THE MARKETS

NEW YORK (AP)—Most stock market prices stepped higher in relaxed early trading today.
Motors, aluminum and selected electronics led the mild advance which lifted key shares from fractions to a point or so.
Some prices, after punching higher at the opening, pulled back as trading progressed.
Steels, aircrafts and chemicals were mixed. Oils eased a bit.

57F CHERRIES — BERRIES

Marines Hit Erie in Start Of "Operations Inland Sea"

ERIE, Pa. (AP) — "Operation Inland Sea" and 1,200 Marines hit this northwestern Pennsylvania city Wednesday. The Marines participated in a mock invasion staged as a salute to the newly opened St. Lawrence Seaway. A flotilla of seven ships transported the Second Battalion of the Sixth Marines to Presque Isle State Park at Lake Erie. Included in the demonstration were Marine Corps helicopters, frogmen, Marine A4D Skyhawk jet planes and an Honest John rocket and launcher mounted with an atomic warhead. A hypothetical situation was set up for the invasion. Erie was the capital of a small independent country which asked U.S. aid in crushing a revolution. A crowd unofficially estimated at more than 50,000 watched the demonstration begin with a simulated beach bombardment by the USS Kleinsmith, a destroyer transport, while charges were exploded on land. Next, four frogmen were brought in close to shore to plant explosives on beach obstacles. After the charges were detonated, a Skyhawk jet staged a simulated atomic bomb drop. The bomb was released as the plane was going almost straight up from the ground. A charge exploded on the beach produced the mushroom effect of an atomic bomb. Continuing the attack, six Skyhawks flying at 500 feet dropped simulated charges on the beach. Helicopters and amphibious tractors brought the first waves of Marines to the beach. Five other waves hit at five-minute intervals. Finally, the Honest John rocket was moved in. It was not fired. The complete invasion lasted 1½ hours. There was only one casualty during the attack. An unidentified Marine sergeant sprained an ankle. Three other cities have seen the demonstration. They are Milwaukee, Chicago and Cleveland. The final mock invasion will be staged at Rochester, N.Y. Saturday.

"Oser wythe" is another name for a willow twig.
